

Remote Use of Visible Analyst

1. Navigate to <https://acview.stockton.edu>

2. Choose "Install VMware Horizon Client", The HTML view is not compatible with Visible Analyst desktops.

VMware Horizon

You can connect to your desktop and applications by using the VMware Horizon Client or through the browser.

The VMware Horizon Client offers better performance and features.

 Install VMware Horizon Client

 VMware Horizon HTML Access

Check here to skip this screen and always use HTML Access.

3. The download will begin, once finished, click on the file to begin installation. When the installer launches, select "Agree & Install".

- Once completed. Select "Finish" and restart the computer.

- When the computer finishes restarting, launch the "VMware Horizon Client" application.

- When the application is running, select "Add Server". Type in "acview.stockton.edu" and hit "Connect"

7. At the login screen, Type in your GoPortal username & Password

8. Select the "D018 Lab – CSIS/CIST" option.

9. After a minute, the application will load into a Windows desktop on Stockton's network. This desktop has Visible Analyst installed as well as other useful applications.
