

Module Task Force, Charge and Membership

Proposed Charge

Given the continued growth of Stockton University both on the Main Campus and satellite locations, the Module Task Force is charged with examining alternative course module scheduling in an effort to devise a plan to:

1. More efficiently use Stockton University resources such as classrooms and parking lots, and
2. Assess the meeting times for faculty, staff and students.

The Task Force should consider the work of previous task forces on this issue when exploring their own ideas on the subject. The Task Force shall also solicit and integrate input from administration, faculty, staff and students on proposals for change to the current module structure. Additionally, the Task Force shall consider the potential benefits and costs of any potential changes to the structure. The Task Force will present their findings and, if appropriate, a recommendation on the matter to the Faculty Senate for approval one week prior to the May 2016 Faculty Senate Retreat.

Proposed Task Force Members¹

- Robert Gregg
- Laura Zucconi
- Nancy Messina
- Jeff Wakeman
- Marissa Levy
- Hannah Ueno
- Matt Bonnan
- Francis Nzuki
- Priti Haria
- BUSN Representative¹
- HLTH Representative¹

¹ Co-chairs, BSNS and HLTH representative yet to be determined
