Approval of Minutes

Carl called the meeting to order at 4:30 pm and moved to approve the minutes from December 2, 2014, seconded by Kiyle.

*Motion Approved 18-1-1

President's Report:

Carl announced that he was appointed by President Saatkamp to serve on a working committee established to assist in the planning of activities and operations at Stockton's new Island Campus in Atlantic City (former Showboat Casino and Hotel property). Their first meeting was on January 6th, 2015 from 11:00 am – 1:00 pm. Carl is currently working on developing a survey to assess what students will need on this campus. He said that the committee is scheduled to meet again on January 30th, 2015.

Carl and the Parking committee met on January 16th. He gave a brief update about the plans for parking; Plans for Parking Lot 0 are currently being reviewed by the Pinelands Commission. Facilities Planning and Construction expects to complete construction of Lot 0 by fall 2015. Parking Lot 0 will result in the net addition of approximately 125 spaces. The Pinelands Commission is also reviewing plans to add 40 spaces along the Fire Lane behind Housing 2. The recommendation to move freshmen residential from Lot 7 to the North lot was forwarded to President Saatkamp. He accepted the recommendation, so this move will take effect in fall 2015. Facilities planning and Construction will not start the New Classroom Building & USC2 construction until November 2015; therefore, all parking lots will be available at the beginning of the 2015 fall semester.

Carl has reached out to an organization called the College and University Food Bank Alliance, so he will be working with Claire Cady and Jenna Klaus, to further develop an assessment of the need at Stockton, among other things. As of now he has a six question assessment developed. Carl is also working with Chartwells to create an incentive for students to take the survey. He will also be working with Jason Babin, Assistant Director of Student Rights & Responsibilities, to make this food bank a reality at Stockton.

Carl also reported that the Students Helping Students Mentor Program launched at the MLK Day of Service was a success! They had 47 students from Atlantic City high school and 22 Stockton students come and participate. Everyone had a great time. The mentors and mentees are working on planning their own day of service activity for some time in March, so he encouraged senators and students to become involved in this project.

He concluded by reminding senators that the Student Government Association Taskforce will begin meeting again, every Tuesday evening from 8:00 pm – 10:00 pm in F – 225, to talk more about how we can structure this government to better serve the students at Stockton. The task force is currently focusing their discussion on the Inter Club Council Meetings. He also encouraged senators and students to come to the next SGA task force meeting if they are interested in taking part in the conversation.

Vice President's Report

No Report

Academic Affairs:

Nick yielded the floor to Mike. He talked about a survey regarding the CAPP system, and your preceptor. They want to see how effective meeting with their preceptor is and how affective the CAPP system is. They want to show students how the system works as well as possibly work on improving the system. Mike also updated everyone on what constitution changes he has been working on. He said that at the next committee meeting they will be looking at new attendance policies, how the chairs on the senate are elected and possibly having the students electing these positions, as opposed to the vice president and the president appointing them. They will also be working on petition time-line changes. He yielded the floor back to Nick.

Nick said that they are also looking into adding ~~on~~ a new ~~chair~~ executive cabinet position; judiciary board committee chair. This committee will work on the constitution, they will also work on conflict resolution among the senators. The details of this are still to be worked out.

Nick then announced that the reading days are now tentatively scheduled to happen on December 11th, 2015 for the fall semester and May 2, 2016 for the spring semester. The finals week is now dedicated to one week, instead of professors having exams when they choose. Thus this will make finials week much easier on students, and they will be more prepared. Nick yielded the floor back to Carl.

Government Affairs:

Maryam announced that she has been working on plans for Higher Education week. This April they will be sending out an itinerary for that week of the events that they will be having, such as game day, called Family Feud, and an event titled Careers and Higher Education to talk about the possible career paths that students may be interested in. She also announced that they will be having another event called Polishing Your Degree that will give students insights about minors that will enhance the status of their degree. She also announced that Victoria and Brad will be taking over Maurice's duty in working with the campus police.

She yielded the floor to Maurice. Maurice announced that they will be having a program on Police brutality and building better connections with the campus as a whole with the campus police and he will also be working with the sustainability trust. Maurice yielded the floor back to Carl.

Public Relations:

Lauren announced that the Senate Informer will be ready by tomorrow. It will be 4 pages this time instead of the two in the previous year. The Informer will outline all of senate's accomplishments, what they have been working on, and who is in charge of senate.

She went on to say that we will be collaborating to put on the Queen of Heart Dance on February 10, 2015 from 8:00-11:00PM, in the Event Room. They'll be accepting donations for the Go Red for Woman Foundation. This is a free event but they are looking for donations to go to that cause.

She also said that Sweets for your Suggestions is starting this semester, with Student Affairs. The dates are February 18, 2015, March 25, 2015, and April 29, 2015, from 6:00-8:00PM in G-wing. This is a free bake sale, so students can come out with any suggestions that they have for the school and they will receive a free baked good in return.

The Students Helping Students Mentor Program went very well, with a lot of senators who came out. This is a great opportunity to mentor, so if you or anyone you know are interested in taking part in this mentor program, please let the senators know.

She announced that the spring election time-line has been confirmed and the petition has been updated. March 3rd, 4th, 5th will be the interest meetings, and April 14th and April 16th will be the online voting through the Go Portal.

She concluded by saying that they are doing Campus Center Collaborations; one is Go Red for Woman Quizzo event on February 9th, 2015 at 9:30PM. Senate will be sponsoring one round of Quizzo. Also they will be doing T-shirt decorating on March 30th at 8:00PM. Lastly, they are looking into keeping fund raisers at the basketball games, to continue to raise money for the Students Helping Students foundation scholarships. She yielded the floor back to Carl.

Student Affairs Committee:

Murphy announced that there will be transportation to and from Shop Rite, that will be available Monday through Thursday at certain times, and there is an attachment in the email that was sent out, listing all of the times this shuttle will be running. The shuttle will depart from the Campus Center and you would be picked back up from the Ace Hardware Store on Pitney road. She went on to say that telecommunications is now supporting a lot more devices, such as the X-box 360, the Wi and Apple TV and TVoo. The chart on what is supported, and not yet supported is listed in an email that was sent out to residential students. She also welcomed a new senator, Katelynn Torcato, and said that she will be working with Plant Management and Telecommunications, alongside

Cristian and Marina. Marina met with Tom O'Donnell to discuss some of the changes to Veteran Park such as lights for the flags, and most likely solar panel energy ran. The Student Affairs Committee has also been working on other improvements that they will be working on such as a day where they collect toxic waste that should be disposed of properly, such as batteries, laptops, and phones. They will be working with other organizations to collect some of these things, from not only residential students, but also non-residential students and faculty.

She also said that she met with Lieutenant Parker, acting chief, and they discussed some of the updates, such as some commuter students were receiving parking citations in North Lot for being parked there past 10:00PM. They are looking into extending the time frame that commuter students are able to park in North Lot, so that they can have enough time to do what they need on campus until campus closes. She also announced that Ar-Rasheed, Katelynn, and Marina are going to be working with Plant Management to get toilet seat covers for the bathrooms.

Murphy yielded the floor to Ar-Rasheed. He announced that they will also be looking into meal plans and pricing, and what constitutes as a meal plan, so that the meal plans are based more upon what students would like to eat opposed to what they are told they may count as a meal. He yielded the floor to Murphy, and Murphy yielded the floor back to Carl.

Finance Committee:

Kiyle announced that there are seven items for supplemental. Kiyle let the senators know that if there were any further questions on the information that is attached to the consent agenda to ask, and it will be removed from the consent agenda, so they can talk about it after the consent agenda. Three supplementals were removed from the consent agenda to be voted on separately. Kiyle also reported that the account balance as of January 20, 2015 was 61,508.60.

1. Supplemental for RSC Model UN in the amount of \$8,614.40 to attend their national conference in New York, NY.

*Motion Passed: 17-1-2

2. Supplemental for Sustainability Trust in the amount of \$168.15 for refreshments at the Up to Us kickoff panel.

*Motion Passed: 16-0-4

3. Supplemental for All Star Dance Team in the amount of \$3,560.00 for the All Star Dance Team

*Motion Passed: 19-0-1

The next five supplementals were voted on through a consent agenda.

Kiyle Osgood moved to approve the next five supplements through a consent agenda.

*Motion Passed: 18-1-1

4. Supplemental for History Club in the amount of \$1,688 to attend their trip to Boston visiting historical sites.
5. Supplemental for Student Senate in the amount of \$1,899 for the Queen of Hearts Dance.
6. Supplemental for Greek Council in the amount of \$2,500 for the Greeks Week Closing Ceremony.
7. Supplemental for Stockton's Veterans Organization in the amount of \$3,900 for guest speaker Alan MO skin.
8. Supplemental for Asian Student Alliance in the amount of \$5,097.34 for their ECAASU Conference.

Announcements/Comments from the Public

Carl Louis from the SVO, who is the public relations officer said thank you for approving their supplemental to attend the national 2015 conference in San Antonio. He explained that the additional money for their supplemental would be enabling them to send two extra student veterans. He concluded by saying that when they get back they will report on what benefits they have taken away from it and what they can bring back to the Stockton community.

Carl adjourned the meeting at 5:13 PM

Agenda/Business:

Nick is working with the SGA task force in order to see what the clubs want and how we can better represent the students and organization more.

Mike has finalized the survey about the CAPP and evaluation of preceptors. We have sent the email out to the student body so make sure you take the survey!

Mike is also looking into getting a layout of courses from academic advising for double majors and for concentrations. As of now, there are layouts for majors, but not for double majors or concentrations. We are also looking to have double majors put on the CAPP "What-If Analysis" as it is not there right now. We are hoping this will give students a better understanding of the classes they need to take.

Victoria is looking into an issue with the library and renting out books. As of now students need to pay \$45 to replace a book if lost, but students have complained about this policy. Students can buy a brand new book, with the same ISBN, meaning it is the same book, for \$5. We are seeing if students can replace the books if lost, rather than pay a high amount.

Agenda/Business:

The Government Affairs committee has been working on their goal to raise awareness about the US long-term national debt, through the Up to Us campaign. The committee discussed the plan for the month of February and how execution of the plans will occur. February 5th will be the Life-size Monopoly, February 10th Democracy Café with RSC Service Learning, and final the 12th will be My Two Cents Day. The committee and Student Senate as a whole are working alongside the Up to Us team to ensure Stockton's national recognition in this campaign. The Government Affairs committee advised the team on how to properly address this issue with our NJ legislators. The Up to Us team will visit Congressman Lobiondo in Washington DC on the 13th, and Senator Booker's aide Ms. Scudder will visit the team on campus Tuesday the 17th. Stockton currently has 750+ Facebook pledge takers. Maryam is planning on having the Higher Education week this April with the help of the committee. Brad & Victoria have been hard at work 99% of their time with Up to Us. Maurice has been a huge support to the team even though he is not a core Up to Us team member, extended teammates are just as crucial to the success of Up to Us. Angelo will be reporting the results of Up to Us to the Stockton community when he finds out on February 28th.

The committee did not meet due to the snow, and did not reschedule a meeting. The committee has been hard at work wrapping up the Up to Us campaign. The committee would like to thank all those who supported the campaign and helped Stockton reach this huge impact in such a short amount of time.

Agenda/ Business:

Another basketball fundraiser was held on February 4th, with about sixty dollars raised, bringing the total to seven hundred dollars total. The bulletin board in G-wing has been updated with our logos, promotions and events. The Informer will be distributed to the Resource Room, Student Development, Bursars Office, and other offices.

The Queen of Hearts Dance on February 10th was a success with around 150 people in attendance and fifty dollars raised for American Heart Association and Go Red for Women.

Our first Sweets for your Suggestions tabling started on February 18th and was also a successful event. Many students brought concerns to the Student Affairs Committee and Public Relations assisted with setting up the table.

The quizzo collaboration with Campus Center went well, with many students in attendance to educate about Go Red for Women. Our next event collaboration with Campus Center is Make Your Own t-shirt on March 30th. Ideas are being considered to tie in Relay for Life, and have t-shirt decorating for teams at the event. The next Students Helping Students event is February 26th at the career fair. It will be another time for the mentor and mentee to meet and walk around the career fair, answer questions and get to know each other.

Public Relations is working on the PowerPoint to show at the interest meeting March 3rd. Another large fundraiser may possibly be planned to go towards Foundation Scholarships, to help reach the goal of a one thousand dollar donation.

Agenda/ Business:

Ar-Rasheed is working with the Wellness Center and with Marina, Katelynn and Plant Management in order to determine the possibility of providing toilet seat covers in the restrooms.

Marina and Katelynn are reaching out to remove the flower pot currently in front of the American flag and possibly providing either a drop box for batteries or an event for common items that are potentially dangerous to the environment in order to dispose of them properly.

Cristian has been meeting with Lonnie Folks in order to discuss rotating out old or damaged gym equipment. He is also looking to table with the telecommunications department in order for them to be available to students and address some of the Wi-Fi issues directly.

Murphy worked with Katelynn in order to create a survey about the Atlantic City campus to be released to the students shortly. Murphy also met with Denise O'Neill to discuss the gender inclusive housing provided to incoming freshman and broken washers and dryers. A drafted list of rules for the laundry facilities made by Murphy was sent to Timothy James and is in the review process by RHA and housing staff.

With the help of the Public Relations Committee, Student Affairs successfully had the first "Sweets for your Suggestions" tabling in G-wing and received lots of feedback from students. These complaints and complements will be reviewed and distributed to the appropriate members of the Student Senate in order to address each of them.

Haley has received complaints about the size of the veterans lounge. According to the students they feel like the lounge does not match the amount of veterans that attend the school. Haley has gone around to the student body and ask them for their opinion/support on the issue and all have agreed. Therefor she is starting a committee with the help of Tom O'Donnell, to relocate and/or expand the lounge.
