Students with disabilities who seek accommodations should make their request by contacting the Learning Access Program located J-204 or by calling 652-4988. Additional information may be obtained from Stockton website: <http://www2.stockton.edu/wellness/lap.html>

Disclosure of Sexual Misconduct – As responsible employees under Title IX, a federal law, faculty must report incidences of sexual misconduct disclosed to them. I am obligated to report and provide a full disclosure, to include names, of any allegation of sexual misconduct to the Stockton University's Chief Officer/Title IX Coordinator (Valerie Hayes, 4693). However, typically classroom writings and discussions about sexual misconduct do not give rise to a duty to report. As your instructor, I will use my discretion in these situations and, when uncertain, I will bring concerns to the Chief Officer/Title IX Coordinator and to the Behavioral Intervention Team (Amy L. Jones, 4691) or the Women's, Gender & Sexuality Center (Laurie Dutton, 626-3611) as appropriate, especially with content that is threatening or poses a serious risk of harm. Personally identifiable information may be omitted at first. For more information please use the search queue on the Stockton Homepage keyword "Title IX."

CLERY Reporting and Limited Confidentiality – Under the Clery Act, a federal law, I have limited confidentiality regarding the disclosure of any reportable crimes as defined in the Clery Act. I am obligated to disclose any allegations of reportable crimes as defined in the Clery Act to a Campus Security Authority, while allowing the victim to remain anonymous at their request. For more information please use the search queue on the Stockton Homepage keyword "Clery."

Note to students

I take an extraordinary amount of pride in helping students both inside and outside of the classroom. My role as your preceptor is one of the most important aspects of my job (and of your academic career). Some would argue it's even more important than teaching in a formal classroom setting. The connections, resources and assistance that a preceptor can offer can change your life. As an advisee, it is necessary for you to contribute in this life-long learning process. Ultimately, you are the person responsible for your course selections, completion of necessary requirements for graduation, and your career and personal goals. However, I would like to help you achieve these goals!
