

**2023-2024 Degree Map: B.A. Africana Studies**  
**School of Arts & Humanities | Stockton University**  
**K-150 | (609) 652-4550**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>FIRST YEAR – FALL SEMESTER</b>	
Subject: GSS 1092 Intro to Africana Studies <b>Attribute:</b> FY Seminar (I, R2)	<b>4 credits</b>

<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

**Program Specific Notes**

**EXAMPLES of what types of information to consider including:**

- Adjust credit totals as needed for program
- Make notations when a course is a fall or spring only class.
- Must be completed by graduation - sample order.
- Attributes and W/Qs float, so these can be distributed throughout the curriculum.
- Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
- Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.

As of September, 2023

**2023-2024 Degree Map: B.A. Communication Studies-  
Journalism/Media Studies  
School of Arts and Humanities | Stockton University  
K-150| (609) 652-4505**

This is a suggested plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

The Communication Studies major requires 40 credit hours of COMM courses: 20 credits of core Communication courses, and 20 credits of Communication courses within a selected area of concentration. Students are also required to have 24 credits in a related cognate area.

<b>FIRST YEAR – FALL SEMESTER</b>	
COMM1201 Intro to Mass Communication	<b>4 credits</b>
COMM2304 Principles of Journalism & COMM2101 OR COMM2211 Media Criticism	<b>4 credits</b>

**ADDITIONAL INFORMATION**

- **FIRST (FRST).** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University's first-year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: FRST 1101 – College Writing, 1002 – Critical Thinking and Reading, and 1103 – Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 – Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. *Note-* certain FRST courses also meet the requirements of the General Studies course distribution categories.
- **General Studies.** Students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At Some Distance). See 2021-2022 Bulletin for more information.
- **W1/W2- Writing requirement.** Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **COMM Lab-** A one (1) credit COMM lab will be taken with WFTM, Principles of Journalism.
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

As of September, 2023

**2023-2024 Degree Map: B.A. Communication Studies-Media  
Production  
School of Arts and Humanities | Stockton University  
K-150| (609) 652-4505**

This is a suggested plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

The Communication Studies major requires 40 credit hours of COMM courses: 20 credits of core Communication courses, and 20 credits of Communication courses within a selected area of concentration. Students are also required to have 24 credits in a related cognate area.

their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. *Note-* certain FRST courses also meet the requirements of the General Studies course distribution categories.

- **General Studies.** Students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At Some Distance). See 2021-2022 Bulletin for more information.
- **W1/W2- Writing requirement.** Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **COMM Lab:** A one (1) credit lab will be taken with Writing for the Media.
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

As of September, 2023

**2023-2024 Degree Map: B.A. Communication Studies-Public  
Relations/Advertising  
School of Arts and Humanities | Stockton University  
K-150| (609) 652-4505**

This is a suggested plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

The Communication Studies major requires 40 credit hours of COMM courses: 20 credits of core Communication courses, and 20 credits of Communication courses within a selected area of concentration. Students are also required to have 24 credits in a related cognate area.

**ADDITIONAL INFORMATION**

- **FIRST (FRST).** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University's first-year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: FRST 1101 – College Writing, 1002 – Critical Thinking and Reading, and 1103 – Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 – Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. *Note-* certain FRST courses also meet the requirements of the General Studies course distribution categories.
- **General Studies.** Students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At Some Distance). See 2021-2022 Bulletin for more information.
- **W1/W2- Writing requirement.** Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **COMM Lab-** a one (1) credit lab will be taken along with Writing for the Media, Principles of Journalism
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

As of February 8, 2023

**2023-2024 Degree Map: B.A. Historical Studies**  
**School of Arts and Humanities | Stockton University**  
**K-150 | (609) 652-4505**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students need to speak with their preceptor about their academic programs as soon as possible.
- Discuss course sequencing from 1000-3000 level to 4000 level courses with History adviser.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>FIRST YEAR – FALL SEMESTER</b>

<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

**Program Specific Notes**

**EXAMPLES of what types of information to consider including:**

- Adjust credit totals as needed for program
- Make notations when a course is a fall or spring only class.
- Must be completed by graduation - sample order.
- Attributes and W/Qs float, so these can be distributed throughout the curriculum.
- Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
- Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.

## 2023-2024

### Degree Map: B.A. in Classics: Ancient Greek and Culture Studies

#### Languages and Culture Studies

ARHU, Stockton University

K-150, (609) 652-4505

The following is a **suggested** plan of study for completion of this degree program.

The **goal of a Degree Map** is to ensure that students graduate with no more than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs.
- Students are encouraged to take overload and Summer courses to facilitate their progress towards graduation as necessary.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

FIRST YEAR - FALL	Credit	FIRST YEAR - SPRING	Credit

#### ADDITIONAL INFORMATION

- **FIRST (FRST).** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University’s first-year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: FRST 1101 – College Writing, 1002 – Critical Thinking and Reading, and 1103 – Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 – Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. *Note-* certain FRST courses also meet the requirements of the General Studies course distribution categories.
- **General Studies.** Students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At Some Distance). See 2021-2022 Bulletin for more information.
- **W1/W2- Writing requirement.** Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

#### Include Program specific notes

1. Make notations when a course is a fall or spring only classes.
2. Include suggested course sequence to be completed by graduation - sample order.
3. Attributes and W/Qs float, so these can be distributed throughout the curriculum.
4. Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
5. Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.
6. Indicate Program Research or Internship courses and/study abroad options.

**This document is not a substitute for academic advisement.**

**Degree Map: B.A. in Classics: Latin and Romance Language**  
 Languages and Culture Studies  
 ARHU, Stockton University  
 K-150, (609) 652-4505

The following is a **suggested** plan of study for completion of this degree program.

The **goal of a Degree Map** is to ensure that students graduate with no more than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs.
- Students are encouraged to take overload and Summer courses to facilitate their progress towards graduation as necessary.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

### ADDITIONAL INFORMATION

- **FIRST (FRST).** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University’s first-year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: FRST 1101 – College Writing, 1002 – Critical Thinking and Reading, and 1103 – Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 – Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. *Note-* certain FRST courses also meet the requirements of the General Studies course distribution categories.
- **General Studies.** Students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At Some Distance). See 2021-2022 Bulletin for more information.
- **W1/W2- Writing requirement.** Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

### Include Program specific notes

1. Make notations when a course is a fall or spring only classes.
2. Include suggested course sequence to be completed by graduation - sample order.
3. Attributes and W/Qs float, so these can be distributed throughout the curriculum.
4. Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
5. Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.
6. Indicate Program Research or Internship courses and/study abroad options.

**2023-2024**  
**Degree Map: B.A. in Spanish**  
 Languages and Culture Studies  
 ARHU, Stockton University

One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

### **Include Program specific notes**

1. Make notations when a course is a fall or spring only classes.
2. Include suggested course sequence to be completed by graduation - sample order.
3. Attributes and W/Qs float, so these can be distributed throughout the curriculum.
4. Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
5. Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.
6. Indicate Program Research or Internship courses and/study abroad options.

**2023-2024**  
**Degree Map: B.A. in French**  
**Languages and Culture Studies**  
 ARHU, Stockton University  
 K-150, (609) 652-4505

The following is a **suggested** plan of study for completion of this degree program.

The **goal of a Degree Map** is to ensure that students graduate with no more than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs.
- Students are encouraged to take overload and Summer courses to facilitate their progress towards graduation as necessary.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

### ADDITIONAL INFORMATION

- **FIRST (FRST).** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University’s first-year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: FRST 1101 – College Writing, 1002 – Critical Thinking and Reading, and 1103 – Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 – Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. *Note-* certain FRST courses also meet the requirements of the General Studies course distribution categories.
- **General Studies.** Students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At Some Distance). See 2021-2022 Bulletin for more information.
- **W1/W2- Writing requirement.** Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

### Include Program specific notes

1. Make notations when a course is a fall or spring only classes.

**ADDITIONAL INFORMATION**

- **FIRST (FRST).** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University’s first-year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: FRST 1101 – College Writing, 1002 – Critical Thinking and Reading, and 1103 – Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 – Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. *Note-* certain FRST courses also meet the requirements of the General Studies course distribution categories.
- **General Studies.** Students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At Some Distance). See 2021-2022 Bulletin for more information.
- **W1/W2- Writing requirement.** Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

**Include Program specific notes**

1. Make notations when a course is a fall or spring only classes.
2. Include suggested course sequence to be completed by graduation - sample order.
3. Attributes and W/Qs float, so these can be distributed throughout the curriculum.
4. Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
5. Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.
6. Indicate Program Research or Internship courses and/study abroad options.

**ADDITIONAL INFORMATION**

- **FIRST (FRST).** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University’s first-year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: FRST 1101 – College Writing, 1002 – Critical Thinking and Reading, and 1103 – Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 – Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. *Note-* certain FRST courses also meet the requirements of the General Studies course distribution categories.
- **General Studies.** Students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At Some Distance). See 2021-2022 Bulletin for more information.
- **W1/W2- Writing requirement.** Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 courses. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

**Include Program specific notes**

1. Make notations when a course is a fall or spring only classes.
2. Include suggested course sequence to be completed by graduation - sample order.
3. Attributes and W/Qs float, so these can be distributed throughout the curriculum.

**This document is not a substitute for academic advisement.**

Approved by {Program} {date}

4. Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
5. Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.
6. Indicate Program Research or Internship courses and/study abroad options.

**2023-2024 Degree Map: B.A. Literature, Creative Writing**  
**School of Arts and Humanities | Stockton University**  
**K-150 | (609) 652-4505**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

**Program Specific Notes**

**EXAMPLES of what types of information to consider including:**

- It is recommended that the core courses (AMST 5000 and AMST 5001) be taken at the beginning of a student's graduate studies.
- AMST 5000 is offered in the fall term only.
- AMST 5001 is offered in the spring term only.

**2023-2024 Degree Map: M.A. in American Studies**  
**School of Arts and Humanities | Stockton University**  
**K-150 | (609) 652-4505**

- M.A. students must complete eight electives. At least two of the electives must be in two of these three categories: Periods Electives, Approaches and Applications Electives, and Topics Electives.
- The following courses are assigned to one of the elective categories—Periods, Approaches and Applications, or Topics—in consultation with faculty advisors: AMST 5020 Study Tour, AMST 5090 AMST Transfer Elective, AMST 5800 Independent Study, AMST 5890 Thesis (6 credits), AMST 5900 Internship.
- With the approval of the MAAS Chair, students may take up to three graduate courses (9 credits) in another Stockton graduate program for elective credit. Credits earned from American Studies graduate courses taken prior to matriculation in the program are treated as Stockton credits; the combined credits from transfer courses and classes taken in other Stockton graduate programs such as the Master of Holocaust and Genocide Studies program or one of the Master of Arts in Education programs, including MAIT, MAEL, and MAED, may not exceed 9 credits for candidates for the M.A. degree and 3 credits for candidates for the Certificate in American Studies.

### **Program Specific Notes**

#### **EXAMPLES of what types of information to consider including:**

- Adjust credit totals as needed for program
- Make notations when a course is a fall or spring only class.
- Must be completed by graduation - sample order.
- Attributes and W/Qs float, so these can be distributed throughout the curriculum.
- Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
- Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.

**2023-2024 Degree Map: B.A. Theatre, Acting**  
**School of Arts and Humanities | Stockton University**  
**K-150 | (609) 652-4505**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>FIRST YEAR – FALL SEMESTER</b>	
THTR 2681 Acting Fundamentals [FALL]	<b>4 credits</b>

<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

### Program Specific Notes

#### **EXAMPLES of what types of information to consider including:**

- Adjust credit totals as needed for program
- Make notations when a course is a fall or spring only class.
- Must be completed by graduation - sample order.
- Attributes and W/Qs float, so these can be distributed throughout the curriculum.
- Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
- Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.

**2023-2024 Degree Map: B.A. Music, Instrumental Music**  
**School of Arts and Humanities | Stockton University**  
**K-150 | (609) 652-4505**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>FIRST YEAR – FALL SEMESTER</b>	
MUSC 2115 Music Theory I [FALL - offered bi-annually]	<b>4 credits</b>
MUSC 1147 Stockton Classical Instrumental Ensemble <i>or</i> MUSC 1760 Stockton Oratorio Society <i>or</i> MUSC 1143 Stockton Pops Choir <i>or</i> MUSC 3251 Stockton Chorale	<b>2 credits</b>

<b>FOURTH YEAR – SPRING SEMESTER</b>	
DANC 3501/4401 Ballet III/VI	<b>1 credit</b>
DANC 3610 Pedagogy	<b>4 credits</b>
Program Electives	<b>3 credits</b>
<b>Subject:</b> or G-course <b>Attribute:</b> A, H, I, R, and/or V	<b>4 credits</b>
<b>Subject:</b> ASD <b>Attribute:</b> W1/W2 or Q1/Q2	<b>4 credits</b>
<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

**Program Specific Notes**

**EXAMPLES of what types of information to consider including:**

- Adjust credit totals as needed for program
- Make notations when a course is a fall or spring only class.
- Must be completed by graduation - sample order.
- Attributes and W/Qs float, so these can be distributed throughout the curriculum.
- Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
- Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.

**2023-2024 Degree Map: B.A. Philosophy and Religion**  
**School of Arts and Humanities | Stockton University**  
**K-150 | (609) 652-4505**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>FIRST YEAR – FALL SEMESTER</b>	
Introduction to Philosophy (PHIL 1101)	<b>4 credits</b>
** **Critical Thinking (PHIL 1204) or Program/Cognate course	<b>4 credits</b>
<b>Subject:</b> FRST or G-course <b>Attribute:</b> FY Seminar	<b>4 credits</b>
Subject: FRST or G-course <b>Attribute:</b> W1	<b>4 credits</b>
<b>Total Course Load as of First Year Fall Semester</b>	<b>16 credits</b>

\*\* Either Symbolic Logic (PHIL 1203) OR Critical Thinking (PHIL 1204) is required for Majors

<b>FIRST YEAR – SPRING SEMESTER</b>	
**Symbolic Logic (PHIL 1203) or Program/Cognate course	<b>4 credits</b>
Into to Buddhism (PHIL 1200) or Introduction to Asian Philosophy (PHIL 1201)	<b>4 credits</b>
<b>Subject:</b> FRST or G-course <b>Attribute:</b> A, H, I, R, and/or V	<b>4 credits</b>
Subject: ASD or G-course <b>Attribute:</b> A, H, I, R, and/or V	<b>4 credits</b>
<b>First Year Credit Total Overall</b>	<b>32 credits</b>

\*\* Either Symbolic Logic (PHIL 1203) OR Critical Thinking (PHIL 1204) is required for Majors

<b>SECOND YEAR – FALL SEMESTER</b>	
Social and Political Philosophy (PHIL 2211) or Ethics: Theory and Practice (PHIL 2112)	<b>4 credits</b>
**History of Christian Thought I (PHIL 2403) or Judaism, Christianity, and Islam (PHIL 2402) or Program/Cognate course	<b>4 credits</b>

<b>Subject:</b> G-course <b>Attribute:</b> A, H, I, R, and/or V	<b>4 credits</b>
<b>Subject:</b> ASD or G-course <b>Attribute:</b> A, H, I, R, and/or V	<b>4 credits</b>
<b>Total Course Load as of Second Year Fall Semester</b>	<b>48 credits</b>

\*\* Either History of Christian Thought I or II (PHIL 2403 or PHIL 2404) OR Judaism, Christianity, and Islam (PHIL 2402) is required for Majors

<b>SECOND YEAR – SPRING SEMESTER</b>	
Program/Cognate course	<b>4 credits</b>
**History of Christian Thought II (PHIL 2404) or Program/Cognate course	<b>4 credits</b>
<b>Subject:</b> G-course <b>Attribute:</b> A, H, I, R, and/or V	<b>4 credits</b>
<b>Subject:</b> Program/Cognate course <b>Attribute:</b> Q1/Q2	<b>4 credits</b>
<b>Second Year Credit Total Overall</b>	<b>64 credits</b>

\*\* Either History of Christian Thought I or II (PHIL 2403 or PHIL 2404) OR Judaism, Christianity, and Islam (PHIL 2402) is required for Majors

<b>THIRD YEAR – FALL SEMESTER</b>	
Program/Cognate course	<b>4 credits</b>
**History of Modern Philosophy I (PHIL 3607) or Program/Cognate course	<b>4 credits</b>
<b>Subject:</b> G-course <b>Attribute:</b> A, H, I, R, and/or V	<b>4 credits</b>
<b>Subject:</b> ASD or G-course <b>Attribute:</b> A, H, I, R, and/or V	<b>4 credits</b>
<b>Total Course Load as of Third Year Fall Semester</b>	<b>80 credits</b>

<b>THIRD YEAR – SPRING SEMESTER</b>	
<b>Subject:</b> G-course <b>Attribute:</b> Q2 (preferred)	<b>4 credits</b>
Subject: ASD or G-course Attribute: A, H, I, R, and/or V	<b>4 credits</b>
**History of Modern Philosophy II (PHIL 3619) or Program/Cognate course	<b>4 credits</b>
Program/Cognate course	<b>4 credits</b>
<b>Third Year Credit Total Overall</b>	<b>96 credits</b>

\*\* Either History of Modern Philosophy I or II (PHIL 3607 or PHIL 3619) is required for Majors

<b>FOURTH YEAR – FALL SEMESTER</b>	
Program/cognate course	<b>4 credits</b>
Program/cognate course	<b>4 credits</b>
Any upper-level program course	<b>4 credits</b>
Subject: G-course Attribute: A, H, I, R, and/or V	<b>4 credits</b>
<b>Total Course Load as of Fourth Year Fall Semester</b>	<b>112 credits</b>

<b>FOURTH YEAR – SPRING SEMESTER</b>	
Senior Seminar (PHIL 4600)	<b>4 credits</b>
Program/cognate course	<b>4 credits</b>
Program/cognate course	<b>4 credits</b>
<b>Subject:</b> G-course <b>Attribute:</b> W1/W2	<b>4 credits</b>
<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

### **Program Specific Notes**

- **FIRST (FRST).** All newly admitted freshmen or transfer students with 15 or fewer credits are required to fulfill the University's first-year competency requirement. The requirement may be met by demonstrating competency on the placement tests, or by passing, with a grade of C or better, all FRST courses: FRST 1101 – College Writing, 1002–Critical Thinking and Reading, and 1103 – Quantitative Reasoning into which students have been placed. Students enrolled in FRST 1100 – Developmental Mathematics must receive a grade of C or better, and then enroll in and receive a grade of C or better in FRST 1103 to demonstrate competency. Full-time students must register for all required FRST courses in their first semester. Depending on time to completion of competency requirements, some students may need additional time for degree completion. Note- certain FRST courses also meet the requirements of the General Studies course distribution categories.
- **General Studies.** Students must complete 48 credits of General Studies with the distribution requirement of: 8 GAH, 4 GEN, 4 GIS, 8 GNM, 8 GSS and 16 ASD (At Some Distance). See 2022-2023 Bulletin for more information.
- **W1/W2- Writing requirement.** Students are required to complete (C or better) four Writing intensive (WI/W2) courses. One W1 is required in the first year and an additional three W1 or W2 with one in the upper-level division (3000-level or higher). W1/W2 courses can be found in General Studies or Program/cognate courses depending on major.
- **Q1/Q2- Quantitative Reasoning.** Students are required to complete (C or Better) three Q1/Q2 courses. One Q1 in the freshman year and at least one Q2. Q1/Q2 courses may be found in General Studies or Program/cognate course depending on major.
- **R1/R2- Race and Racism.** Students are required to pass one (1) R1 and one (1) R2 course. R1/R2 courses may be found in General Studies or Program/cognate courses depending on major.
- **Minor program.** Students may select a Minor program of study, in consultation with their preceptor. Minor courses would replace some of the ASD or Program/cognate courses in the Degree Map.

**2023-2024 Degree Map: B.A. Visual Arts – Art History**  
**School of Arts and Humanities | Stockton University**  
**K-150 | (609) 652-4505**

This is a suggested plan of study for completion of this degree program. The goal of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

FIRST YEAR – FALL SEMESTER	
ARTV 2175 Art History: Ancient to Medieval	4 credits
ARTV <b>Foundation</b> 1166 Intro to Drawing	4 credits
<b>Subject:</b> FRST or G-course <b>Optional Attribute:</b> Seminar and a W1	4 credits
FRST or G-course <b>Attribute:</b> W1 or W2	4 credits
Total Course Load as of First Year Fall Semester	16 credits
NOTE: Because the ARTV Foundation courses are 3 credits each, students will need to take 5 courses during a subsequent semester or take a summer course. General Studies courses are often available in summer. Program courses must receive a “C” grade or better (not C-).	

FIRST YEAR – SPRING SEMESTER	
ARTV 2176 Art History: Renaissance to Modern	4 credits
ARTV <b>Foundation</b> 1165 Intro to 2D Design or Intro to 2D Digital Design* (* will fulfill ARTV digital requirement)	4 credits
<b>Subject:</b> FRST or G-course <b>Attribute:</b> Q1 preferred	4 credits
<b>Subject:</b> ASD or G-course <b>Attribute:</b> A, H, I, R, and/or V	4 credits
First Year Credit Total Overall	32 credits

**2023-2024 Degree Map: B.A. Visual Arts – Art History**  
**School of Arts and Humanities | Stockton University**

This is a suggested plan of study for the completion of this degree program. The goal of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

FIRST YEAR – FALL SEMESTER	
ARTV Foundation 1166 Drawing	3 credits
ARTV Foundation 1165 Intro to 2D Design or ARTV 1167 Intro to 2D Digital Design	3 credits
FRST or GEN-course <b>Optional Attribute:</b> Seminar and a W1	4 credits

**Program Specific Notes**

- This is a recommended plan of study, but students will often have to deviate from this plan. Students will need to make adjustments based on their specific circumstances, including courses they have taken and the availability of courses each semester. Students should meet with their preceptor to discuss course selection each semester.
- Many of these courses have pre-requisites. This plan encourages students to take certain courses early in their time at Stockton because they must be taken before other courses. Before attempting to register for a course, students should confirm that they have satisfied any pre-requisites.
- Attributes (A, H, I, V, Q1/2, W1/2, and R1/2) are not additional course(s), but instead related to the content of courses and are attached to certain courses that you will take throughout the curriculum.
- As you select courses, particularly General Education and At-Some-Distance courses, you should select courses that satisfy at least one attribute when possible.

**Program Specific Notes**

- \* MATH 1100-Precalculus counts as an “At Some Distance” (ASD) for students in the B.A. in Computing who are required to take Precalculus (based on test scores) before they can proceed to Calculus I. If you were Calculus-ready (by test scores) when you enrolled in Stockton, take MATH 2215-Calculus I instead
- This is a recommended plan of study, but students will often have to deviate from this plan. Students will need to make adjustments based on their specific circumstances, including courses they have taken and the availability of courses each semester. Students should meet with their preceptor to discuss course selection each semester.
- Many of these courses have pre-requisites. This plan encourages students to take certain courses early in their time at Stockton because they must be taken before other courses. Before attempting to register for a course, students should confirm that they have satisfied any pre-requisites.
- Attributes (A, H, I, V, Q1/2, W1/2, and R1/2) are not additional course(s), but instead related to the content of courses and are attached to certain courses that you will take throughout the curriculum.
- As you select courses, particularly General Education and At-Some-Distance courses, you should select courses that satisfy at least one attribute when possible.

**2023-2024 Degree Map: B.S. Computer Science (\*\*Precalculus-Ready)**  
**School of Business | Stockton University**  
**H-118 | (609) 652-4534**

This is a suggested plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>FIRST YEAR – FALL SEMESTER</b>	
<b>CSCI 2101</b> Programming/Problem Solving I (Q2)	<b>4 credits</b>

**Program Specific Notes**

- \* B.S. in Computer Information Systems students do not need to take MATH 1100-Pre-Calculus (*If taken, it counts as “At-some-distance” for the CIS majors*). Students may take the course sequence below to take MATH 2225-Discrete Mathematics: **CIST 2110**-Programming in Python, followed by **CSCI 2101**-Programming & Problem Solving I, and then proceed to **MATH 2225**-Discrete Mathematics.
- This is a recommended plan of study, but students will often have to deviate from this plan. Students will need to make adjustments based on their specific circumstances, including courses they have taken and the availability of courses each semester. Students should meet with their preceptor to discuss course selection each semester.
- Many of these courses have pre-requisites. This plan encourages students to take certain courses early in their time at Stockton because they must be taken before other courses. Before attempting to register for a course, students should confirm that they have satisfied any pre-requisites.
- Attributes (A, H, I, V, Q1/2, W1/2, and R1/2) are not additional course(s), but instead related to the content of courses and are attached to certain courses that you will take throughout the curriculum.
- As you select courses, particularly General Education and At-Some-Distance courses, you should select courses that satisfy at least one attribute when possible.

**Program Specific Notes**

- This is a recommended plan of study, but students will often have to deviate from this plan. Students will need to make adjustments based on their specific circumstances, including courses they have taken and the availability of courses each semester. Students should meet with their preceptor to discuss course selection each semester.
- Many of these courses have pre-requisites. This plan encourages students to take certain courses early in their time at Stockton because they must be taken before other courses. Before attempting to register for a course, students should confirm that they have satisfied any pre-requisites.
- Attributes (A, H, I, V, Q1/2, W1/2, and R1/2) are not additional course(s), but instead related to the content of courses and are attached to certain courses that you will take throughout the curriculum.
- As you select courses, particularly General Education and At-Some-Distance courses, you should select courses that satisfy at least one attribute when possible.

**2023-2024 Degree Map: B.S. Accounting**

**Program Specific Notes**

**EXAMPLES of what types of information to consider including:**

- Adjust credit totals as needed for program
- Make notations when a course is a fall or spring only class.
- Must be completed by graduation - sample order.
- Attributes and W/Qs float, so these can be distributed throughout the curriculum.
- Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
- Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.

**2023-2024 Degree Map: Public Health (BS)  
Bachelor of Science in Public Health  
Community Health Education Concentration  
School of Health Sciences | Stockton University  
HSC-215 | (609) 652-4501**

**Program Specific Notes**

**EXAMPLES of what types of information to consider including:**

- Students must choose General Studies and ASD courses that fulfill attributes (A,V,H, I, R1, & R2) writing, and quantitative reasoning requirements not fulfilled by courses required by the program. This may require additional coursework.
- The schedule is based on 16 credits per semester
- The schedule does not include additional coursework that may be needed for elective minors and/or certificates.
- The schedule does not include required FRST courses that students may be required to take upon acceptance to the University
- The schedule does not include transfer coursework which must be evaluated on a per student basis.
- The schedule does not include optional summer coursework
- The schedule does not include part-time options
- The schedule does not include courses that may need to be repeated to meet minimum grade requirement.
- The schedule does not include courses that may need to be repeated to meet minimum grade requirement.

**2023-2024 Degree Map: Public Health (BS)**  
**Bachelor of Science in Public Health**  
**Health Administration Concentration**  
**School of Health Sciences | Stockton University**  
**HSC-215 | (609) 652-4501**

This is a suggested plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

**2023-2024 Degree Map: Health Science (BS)  
Bachelor of Science in Health Science  
Pre-Occupational Therapy Concentration  
School of Health Sciences | Stockton University  
HSC-215 | (609) 652-4501**

**Program Specific Notes**

**EXAMPLES of what types of information to consider including:**

- Adjust credit totals as needed for program
- Make notations when a course is a fall or spring only class.
- Must be completed by graduation - sample order.
- Attributes and W/Qs float, so these can be distributed throughout the curriculum.
- Multiple courses can fulfill an attribute and attributes are connected to a variety of courses in the curriculum, consult with an advisor.
- Attributes are not additional course(s) they connect to a course and can be taken in any order except for the first-year requirements.

**2023-2024 Degree Map: Exercise Science (BS)**  
**Bachelor of Science in Exercise Science**  
**School of Health Sciences | Stockton University**  
**HSC-215 | (609) 652-4501**

This is a **suggested** plan of study for completion of this degree program.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>FIRST YEAR - FALL</b>	<b>Credit</b>

Upper-level biology elective <sup>7</sup>	<b>4 credits</b>
BIOL or other NAMS elective <sup>8,9</sup>	<b>4 credits</b>
ASD or G-course <b>Optional Attributes:</b> W, A, H, I, R, and/or V	<b>4 credits</b>
<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

**Program Specific Notes**

\* Credit for BIOL 1200/05, 1400/05, 2600, and 2110/2115 [Q2] may only be earned with a C grade or higher. Students must have a minimum overall 2.0 GPA for all NAMS courses. No biology core or cognate course may be taken P/NC and be counted toward any degree track in biology.

1. Dependent on first-year math competency placement. MATH 1100 Precalculus [Q1] is a prerequisite for BIOL 2110/2115 Genetics [Q2].
2. May be CSIS/CIST 1206 Statistics [Q1], PSYC 2241 Statistical Methods [Q1], HLTH 2305 Statistics for Health Professionals [Q1], or BIOL 3105 Biostatistics [Q1].
3. Recommended in the Spring term of the second year.
4. BIOL 2150 Principles of Physiology and BIOL 2180 Human Anatomy may be taken in any order or at the same time.
5. Recommended in the third year but may be taken in the second or fourth year.
6. Must be CHEM 2130 Chemistry III: Organic Reactions, CHEM 2140 Chemistry IV: Theory & Application [Q2], or CHEM/BIOL 3250 Biochemistry. Since CHEM I and IV are 'General Chemistry' [Q2] and CHEM II and III are 'Organic Chemistry', students only need Chemistry I [Q2] to proceed to Chemistry IV [Q2].
7. **Upper-Level biology requirement.** Biology majors must take at least 12 credits of upper-level biology (BIOL 3000-4999) at Stockton. Independent studies may not be used for this requirement. Non-BIOL courses that are allowed to meet this requirement include: GEOL 3242, PHYS 3030, SUST 3450, MARS 3300, 3340, 3105 [Q1], 3106 [Q1], 3333, 3306, 3416, 3489, and ENVL 3423, 3426, 3121, 3136, 3413, 3433.
8. Courses may be from: BCMB, BIOL, CHEM, CPLS, ENVL, GEOL, MARS, MATH, PHYS, SUST, or other courses approved by preceptor.

As of February 8, 2023

**2023-2024 Degree Map: B.S. Biology – Pre-Physical Therapy Concentration**  
**School of Natural Sciences and Mathematics | Stockton University**  
**USC1 – 240 | (609) 652-4546**

9. **Ecology (Plants) requirement.** Among their chosen science electives, students must take at least ONE course that focuses on ecology and/or plants. This course can also be used to satisfy part of the upper-level requirement (if 3000-level or higher; see above). Courses that will fulfill this requirement include (but are not necessarily limited to) the following BIOL 2100 [**Q2**] or 2120 or 2126 or 3180 or 3184 or 3365 or 3370 [Holistic Health IMHL] or 3414 or 3416 or 3417 or 3419 or 3440 or 3465 or 3416 or 3450 or 3465 or 3370 or ENVL 2200 or 3414 or 3416 or 3419 or MARS 3335 [**W2**] or 3336 or 3416 or SUST 3440 or 3450.

ASD or G-course <b>Optional Attributes: W, A, H, I, R, and/or V</b>	<b>4 credits</b>
<b>Total Course Load as of Fourth Year Fall Semester</b>	<b>112 credits</b>

**2023-2024 Degree Map: B.A. Biology – Pre-Professional Concentration**  
**School of Natural Sciences and Mathematics | Stockton University**  
**USC1 – 240 | (609) 652-4546**

FOURTH YEAR – SPRING SEMESTER	
Upper-level ecology (or plants) course <sup>7,8</sup>	<b>4 credits</b>
ASD or G-course <b>Optional Attributes:</b> W, A, H, I, R, and/or V	<b>4 credits</b>
ASD or G-course <b>Optional Attributes:</b> W, A, H, I, R, and/or V	<b>4 credits</b>
ASD or G-course <b>Optional Attributes:</b> W, A, H, I, R, and/or V	<b>4 credits</b>
<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

**Program Specific Notes**

- \* Credit for BIOL 1200/05, 1400/05, 2600, and 2110/2115 (**Attribute:** Q2) may only be earned with a C grade or higher. Students must have a minimum overall 2.0 GPA for all NAMS courses. No biology core or cognate course may be taken P/NC and be counted toward any degree track in biology.
1. Dependent on first-year math competency placement. MATH 1100 Precalculus (**Attribute:** Q1) is a prerequisite for BIOL 2110/2115 Genetics (**Attribute:** Q2).
  2. Since CHEM I and IV are ‘General Chemistry’ (**Attribute:** Q2) and CHEM II and III are ‘Organic Chemistry’, students may proceed to either CHEM II or IV (**Attribute:** Q2) after taking CHEM I with lab.
  3. Recommended in the Spring term of the second year.
  4. Recommended in the third year but may be taken in the second or fourth year.
  5. PSYC 1100 Introduction to Psychology and SOCY 1100 Introduction to Sociology (**Attribute:** I) are strongly recommended in preparation for the MCAT.
  6. Biochemistry is the second highest-tested natural science subject found on the MCAT exam, just after biology. It is therefore critical to success on the MCAT.
  7. **Ecology (Plants) requirement.** Biology majors must take at least ONE course that focuses on ecology and/or plants. Courses that will fulfill this requirement include (but are not necessarily limited to) the following: BIOL 2100 (**Attribute:** Q2) or 2120 or 2126 or 3180 or 3184 or 3365 or 3370 (**Attribute:** Holistic Health IMHL) or 3414 or 3416 or 3417 or 3419 or 3440 or 3465 or 3416 or 3450 or 3465 or ENVL 2200 or 3414 or 3416 or 3419 or MARS 3335 (**Attribute:** W2) or 3336 or 3416 or SUST 3440 or 3450. ***This course, however, must be 3000-level or higher if the student still needs to satisfy the upper-level course requirement.***
  8. **Upper-Level Biology requirement.** Biology majors must take at least 12 credits of upper-level biology (BIOL 3000-4999) at Stockton. Since CHEM 3250 (Biochemistry) and BIOL 3170 (Microbiology) count towards this requirement, students who take both of those courses need only 4 more upper-level biology credits. Independent studies may not be used for this requirement. Non-BIOL courses that are allowed to meet this requirement include: GEOL 3242, PHYS 3030 (**Attribute:** Behavioral Neuroscience IMBN), SUST 3450, MARS 3300, 3340, 3105 (**Attribute:** Q1), 3106 (**Attribute:** Q1), 3333, 3306, 3416, 3489, and ENVL 3423, 3426, 3121, 3136, 3413, 3433.

As of February 8 2023

**2023-2024 Degree Map: B.A. Chemistry**  
**School of Natural Sciences and Mathematics | Stockton University**  
**USC1 – 240 | (609) 652-4546**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

CHEM 4810 Senior Thesis <sup>6</sup>	<b>2 credits</b>
<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

**Program Specific Notes**

- \*A grade of C- or higher must be earned in all CHEM courses. Students must have a minimum overall 2.0 GPA for CHEM courses. CHEM 2110/2115 and CHEM 2120/2125 are not included when calculating the CHEM GPA. No chemistry core or cognate course may be taken P/NC and be counted toward any degree track in chemistry.
- \*\*Dependent on first-year math competency placement. There are several variations possible in the selection and sequence of courses in the junior and senior years. Since flexibility is based on preparation, it is important to complete Calculus I & II as early as possible.
- <sup>1</sup>It is important to note that at Stockton, Chemistry I and IV are ‘General Chemistry’ while CHEM II and CHEM III are ‘Organic Chemistry’; thereby students may proceed to CHEM II or IV after taking CHEM I with lab.
- <sup>2</sup>Students are encouraged to enroll in Chemistry Seminar before their senior year.
- <sup>3</sup>All transfer students must complete a minimum of 16 credits in Stockton Chemistry courses at the 3000-level (except CHEM 3800, 3900, 3940, 4800, 4810, or 4900) regardless of how many credits were accepted when students transferred. One course must be a laboratory intensive course (CHEM 3110, 3310, 3320, 3350, 3420 or CHEM 3025). Note, CHEM 3035 Survey of Instrumentation is not open to chemistry majors.
- <sup>4</sup>Course only offered in fall semesters.
- <sup>5</sup>Course only offered in spring semesters.
- <sup>6</sup>No more than 8 credits of research/internship may be counted toward meeting chemistry degree requirements.

As of March 24, 2023

ENVL or NAMS Elective <sup>3</sup> or G-course/ASD	4 credits
<b>Fourth Year Credit Total Overall</b>	<b>128-129 credits</b>

**Program Specific Notes**

- All Environmental Studies majors must earn a 2.0 GPA in all NAMS courses taken at Stockton.
- ENVL majors must earn a minimum grade of C in ENVL 1100, 2100/05, 2200/2205, 2400, 2600, 4300/4305, and 4800/4900.
- All program and cognate courses should be taken for a letter grade. Pass/No Credit (P/NC) option is not accepted for these courses.
- \* Order can be shifted but must all be completed before end of year 2.
- <sup>#</sup> Can be taken either semester or during the summer in Year 3 or 4.
- <sup>2</sup> **No more than one non-ENVL course** can be counted towards the 12 upper-level credits. **Choose 4 credits** from the following: ENVL 3303 Advanced Geographic Info Systems; ENVL 3304 Remote Sensing; ENVL 3307 Geodatabase Design (2 credits); ENVL 3308 Introduction to LiDAR (2 credits); ENVL 3310 Environmental Planning & Policy; ENVL 3311 Regional Planning; ENVL 3313 Natural Resource Policy and Law [V]; ENVL 3440 Sustainability Food & Agriculture; ENVL 3443 Energy Planning; ENVL 4201 Introduction to Spatial Statistics (2 credits); ENVL 4202 Applications in Terrestrial LiDAR Data Acquisition, Processing & Analysis; ENVL 4622 Global Positioning Systems for Geographic Information Systems (2 credits, strongly advised).
- <sup>3</sup> Choose ENVL or other NAMS courses to equal 64 total ENVL/cognate credits. Courses in POLS, ECON, PUBH & others may count as cognates with PRIOR approval of preceptor.

As of March 24, 2023

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program’s At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

**Program Specific Notes**

- A 2.0 GPA is required in all NAMS courses. A 2.0 GPA is required in all GEOL courses.
- <sup>1</sup> Students are strongly urged to complete the math requirement earlier rather than later in their academic career.
- <sup>2</sup> It is important to note at Stockton, Chemistry I and IV are 'General Chemistry' while CHEM II and CHEM III are 'Organic Chemistry', thereby students may proceed to CHEM II or CHEM IV after taking CHEM I with lab.
- <sup>3</sup> Most 3000 and 4000-level courses are offered in alternate years.

**Program Specific Notes**

- Students must earn a “C” or higher in core courses shaded above.
- At least an overall 2.0 GPA in MATH-acronym courses is required. For the purposes of this Program requirement, if a MATH-acronym course is taken more than once, only the highest grade earned will be used. An overall GPA of 2.0 is required for all NAMS courses.
- Transfer students should note that transfer credits for non-calculus-based statistics courses, although accepted by the University, will not count as Program/Cognate credits toward a Mathematics degree.
- Graduating seniors are required to complete a content-based field test in the last semester.

As of February 22, 2023

**2023-2024 Degree Map: B.A. Mathematics**  
**School of Natural Sciences and Mathematics | Stockton University**  
**USC1 – 240 | (609) 652-4546**

Graduation is not dependent on the test score.

- There are more sections of PHYS 2220/25 Physics I w/lab (**Attribute:** Q1) offered in the Fall semester than Spring. More sections of PHYS 2230/35 Physics II w/lab are offered in Spring semester than the Fall.
- Most of the following courses are offered once a year:
  - **Fall semester only:** MATH 4441 Abstract Algebra (**Attribute:** Q1), MATH 4445 Topics in Geometry (**Attribute:** Q1), MATH 4451 Probability and Statistics I (**Attribute:** Q1), and MATH 4461 Numerical Analysis (**Attribute:** Q1).
  - **Spring semester only:** MATH 4431 Real Analysis, MATH 4432 Complex Analysis (**Attribute:** Q1), and MATH 4452 Probability and Statistics II (**Attribute:** Q1).
  - **Offered in the Spring semester on as needed basis:** MATH 4471 Computer Algorithms (**Attribute:** Q1), MATH 4472 Theory of Computation (**Attribute:** Q1), and MATH 4481 Topics in Mathematics (**Attribute:** Q1), are Depending on the course content, MATH 4481 may belong to Group I or II. Please check with the instructor before you enroll in the course regarding the Group designation.
- <sup>1</sup>**Group I (Attribute: Q1):** MATH 4431 Real Analysis; MATH 4432 Complex Analysis; MATH 4441 Abstract Algebra; MATH 4445 Topics in Geometry; MATH 4481 Topics in Mathematics.
- <sup>2</sup>**Group II (Attribute: Q1):** MATH 4451 Probability & Statistics I; MATH 4452 Probability & Statistics II; MATH 4461 Numerical Analysis; MATH 4471 Computer Algorithms; MATH 4472 Theory of Computation; MATH 4481 Topics in Math; MATH 4491 Partial Differential Equations.
- Consult with preceptor before taking statistics courses that do not have MATH acronym. Non-calculus-based statistics courses will not count as Program/Cognate courses toward a Mathematics degree.

As of February 22, 2023

**Program Specific Notes**

- A science-math GPA of 3.5 is required for entry into the dual-degree program.
- **Application for acceptance into the dual-degree program is in spring of year 2<sup>†</sup> (Deadline April 15);** Science-math GPA must be at least 3.5; DAT is taken no later than January of year 3. Minimum score in all sections is 20.
- \*Choose two W courses to fulfill prerequisite for RSDM prior to admission into the dual-degree program: FRST 2120 Rhetoric and Composition (**Attribute:** W1); GAH 1627 Writing from Experience (**Attribute:** W1); GAH 2116 Argument and persuasion in Arts & Humanities

As of February 8, 2023

**2023-2024 Degree Map: B.S. Biology Pre-Dental Medicine Concentration**  
**School of Natural Sciences and Mathematics | Stockton University**  
**USC 1 – 240 | (609) 652-4546**

(**Attribute:** W1); GAH 2339 The Rhetoric of Social Media (**Attribute:** W1); **OR** any suitable W1 course(s) approved by the Health Professions Advisor.

- <sup>1</sup>No withdrawals or incomplete grades in any RSDM prerequisite courses. These courses and upper-level science courses need to be taken at Stockton. If AP or community college courses are used to meet specific course requirements, additional upper-level coursework in that same discipline must be taken at Stockton to fulfill the required number of credits.
- A specific set of courses taken in the first year at Rutgers will transfer to Stockton to count toward the biology degree: 24 credits of BIOL core and cognate transfer from Rutgers to make the 80 required science and math credits.
- Students should register for Stockton BIOL 4603 Health Professionals Seminar (0 credits) each semester after transferring to Rutgers until the Stockton Biology degree is complete.

As of February 8, 2023

**Program Specific Notes**

- Students must maintain a 3.5 science-math GPA. All courses require a B or better.
- MCAT is to be taken in the summer after year 2.
- All General Studies requirements must be met prior to transferring to Rowan SOM. SOCY 1100 Intro to Sociology and PYSC 1100 Intro to Psychology are recommended, but not required.
- A specific set of courses taken in the first year at Rowan SOM will transfer to Stockton to count toward the Biology degree: 24 – 28 credits of BIOL core and cognate transfer from

As of February 8, 2023

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>FIRST YEAR – FALL SEMESTER</b>

**Program Specific Notes**

- A minimum overall **2.0 GPA** is required in Program, Cognate and Elective courses. A grade of **C** or better is required for all core courses (shaded above).
- <sup>1</sup> It is important to note at Stockton, Chemistry I and IV are 'General Chemistry' while CHEM II and CHEM III are 'Organic Chemistry', thereby students may proceed to CHEM II or CHEM IV after taking CHEM I with lab.
- <sup>2</sup> PHYS 2220/25 requires MATH 2215 Calculus I (may be taken concurrently).
- <sup>3</sup> PHYS 2230/35 requires MATH 2216 Calculus II (may be taken concurrently).
- <sup>4</sup> **Advanced Chemistry Electives:** Two of the following: CHEM 3035 Survey of Instrumentation, CHEM 3110 Inorganic Chemistry, CHEM 3310 Laboratory Methods I, CHEM 3330 Food Chemistry, CHEM 3410 Physical Chemistry I, CHEM 3520 Advanced Organic Chemistry, CHEM 3550 Advanced Biochemistry. **Advanced Biology Electives:** Two of the following: BIOL 3141 Embryology, BIOL 3160 Developmental Biology, BIOL 3170 Microbiology w/lab, BIOL 3180 Plant Physiology, BIOL 3186 Histology, BIOL 3190 Cell Biology & Biophysics, BIOL 3360 Neurobiology, BIOL 4100 Principles of Evolution, BIOL 4110 Bioinformatics, BIOL 4210 Molecular Genetics, BIOL 4211 Molecular Evolution, BIOL 4212 Molecular Microbiology, BIOL 4213 Eukaryotic Molecular Biology, BIOL 4215 Biotechnology, BIOL 4236 Systems Biology, BIOL 4321 Cancer Biology or other approved courses. These courses cannot fulfill both this requirement and the Molecular Biology elective requirement.
- <sup>5</sup> **Molecular Biology Course Electives:** Either BIOL 4210 Molecular Genetics, BIOL 4211 Molecular Evolution, BIOL 4212 Molecular Microbiology, BIOL 4213 Eukaryotic Molecular Biology, BIOL 4215 Biotechnology. This requirement cannot also fulfill the Advanced Biology Elective requirement.
- \*Senior Project or Senior Internship may also have BIOL or CHEM program designation with approval of preceptor.

As of February 8, 2023

ASD or G-course <b>Optional Attributes:</b> W, A, H, I, R, and/or V	<b>4 credits</b>
<b>Fourth Year Credit Total Overall</b>	<b>128-130 credits</b>

**Program Specific Notes**

\*Credit for BIOL 1200/05, 1400/05, 2600, and 2110/2115 [Q2] may only be earned with a C grade or higher. Students must have a minimum overall 2.0 GPA for all NAMS courses. No biology core or cognate course may be taken P/NC and be counted toward any degree track in biology.

1. Dependent on first-year math competency placement. MATH 1100 Precalculus [Q1] is a prerequisite for BIOL 2110/2115 Genetics [Q2].
2. At Stockton, Chemistry I and IV are 'General Chemistry' while CHEM II and CHEM III are 'Organic Chemistry', thereby students may proceed to CHEM II or CHEM IV after taking CHEM I with lab.
3. Courses may be from: BCMB, BIOL, CHEM, CPLS, ENVL, GEOL, MARS, MATH, PHYS, SUST, or other courses approved by preceptor.
4. **Ecology (Plants) requirement.** Among their chosen science electives, students must take at least ONE course that focuses on ecology and/or plants. This course can also be used to satisfy part of the upper-level requirement (if 3000-level or higher; see below). Courses that will fulfill this requirement include (but are not necessarily limited to) the following: BIOL 2100 [Q2] or 2120 or 2126 or 3180 or 3184 or 3365 or 3370 [Holistic Health IMHL] or 3414 or 3416 or 3417 or 3419 or 3440 or 3465 or 3416 or 3450 or 3465 or 3370 or ENVL 2200 or 3414 or 3416 or 3419 or MARS 3335 [W2] or 3336 or 3416 or SUST 3440 or 3450.
5. Recommended in the Spring term of the second year.
6. Instead of a physics course, students may take one of the following three chemistry courses: CHEM 2130 Chemistry III, CHEM 2140 Chemistry IV [Q2], or CHEM/BIOL 3250 Biochemistry. Since these chemistry courses are 4 credits rather than 5 credits, students opting for chemistry instead of physics may need to make up 1 or 2 science credits. MATH 2215 Calculus I [Q1] is a required prerequisite for PHYS 2220/25 Physics I [Q1] (may be taken concurrently). MATH 2216 Calculus II [Q1] is a required prerequisite for PHYS 2230/35 Physics I [Q1] (may be taken concurrently).
7. Must be CHEM 2130 Chemistry III, CHEM 2140 Chemistry IV [Q2], or CHEM/BIOL 3250 Biochemistry.
8. Recommended in the third year but may be taken in the second or fourth year.

As of February 8, 2023

**2023-2024 Degree Map: B.S. Biology – Biotechnology Concentration**  
**School of Natural Sciences and Mathematics | Stockton University**  
**USC1 – 240 | (609) 652-4546**

9. **Upper-Level Biology requirement.** Students must take at least 12 credits of upper-level biology (BIOL 3000-4999) at Stockton. The chosen biotechnology elective course (see below) will count towards this requirement. No transfer work is allowed for this requirement. Independent studies may not be used for this requirement. Non-BIOL courses that are allowed to meet this requirement include: CHEM 3250, GEOL 3242, PHYS 3030 [Behavioral Neuroscience IMBN], SUST 3450, MARS 3300, 3340, 3105 [Q1], 3106 [Q1], 3333, 3306, 3416, 3489, and ENVL 3423, 3426, 3121, 3136, 3413, 3433.
10. **Biotechnology elective.** Choices include BIOL 4210 Molecular Genetics, BIOL 4211 Molecular Evolution, BIOL 4215 Biotechnology, or CHEM 3350 Biochemistry Lab Methods.
11. BIOL 4800/4900 BIOL Senior Project (2-4 credits) with poster session optional but strongly encouraged.

ASD or G-course <b>Optional Attributes:</b> W, A, H, I, R, and/or V	<b>4 credits</b>
<b>Fourth Year Credit Total Overall</b>	<b>128-130 credits</b>

**Program Specific Notes**

\*Credit for BIOL 1200/05, 1400/05, 2600, and 2110/2115 [Q2] may only be earned with a C grade or higher. Students must have a minimum overall 2.0 GPA for all NAMS courses. No biology core or cognate course may be taken P/NC and be counted toward any degree track in biology.

2. Dependent on first-year math competency placement. MATH 1100 Precalculus [Q1] is a prerequisite for BIOL 2110/2115 Genetics [Q2]. Since CHEM I [Q2] and IV [Q2] are ‘General Chemistry’ and CHEM II and III are ‘Organic Chemistry’, students may proceed to either CHEM II or IV after taking CHEM I with lab.
3. Recommended in the Spring term of the second year.
4. MATH 2215 Calculus I [Q1] is a required prerequisite for PHYS 2220/25 Physics I [Q1] (may be taken concurrently). MATH 2216 Calculus II [Q1] is a required prerequisite for PHYS 2230/35 Physics I [Q1] (may be taken concurrently).
5. Recommended in the third year but may be taken in the second or fourth year.
6. PSYC 1100 Introduction to Psychology and SOCY 1100 Introduction to Sociology [I] are strongly recommended in preparation for the MCAT.
7. Biochemistry is the second highest-tested natural science subject found on the MCAT exam, just after biology. It is therefore critical for success on the MCAT.
8. Courses may be from: BCMB, BIOL, CHEM, CPLS, ENVL, GEOL, MARS, MATH, PHYS, SUST, or other courses approved by preceptor.
9. **Upper-Level biology requirement.** Biology majors must take at least 12 credits of upper-level biology (BIOL 3000-4999) at Stockton. Since CHEM 3250 Biochemistry and BIOL 3170 Microbiology count towards this requirement, students who take both of those courses need only 4 more upper-level biology credits. This requirement could potentially be fulfilled by the same course that satisfies the Ecology (Plants) requirement (see below). Independent studies may not be used for this requirement. Non-BIOL courses that are allowed to meet this requirement include: GEOL 3242, PHYS 3030, SUST 3450, MARS 3300, 3340, 3105 [Q1], 3106 [Q1], 3333, 3306, 3416, 3489, and ENVL 3423, 3426, 3121, 3136, 3413, 3433.
10. BIOL 4800/4900 BIOL Senior Project (independent study) with poster session optional but strongly encouraged. Required to be considered for program distinction.
11. **Ecology (Plants) requirement.** Among their chosen science electives, students must take at least ONE course that focuses on ecology and/or plants. Courses that will fulfill this

As of February 8, 2023

**School of Natural Sciences and Mathematics | Stockton University**  
**USC1 – 240 | (609) 652-4546**

requirement include (but are not necessarily limited to) the following: BIOL 2100 [Q2], or 2120 or 2126 or 3180 or 3184 or 3365 or 3370 or 3414 or 3416 or 3417 or 3419 or 3440 or 3465 or 3416 or 3450 or 3465 or 3370 or ENVL 2200 or 3414 or 3416 or 3419 or MARS 3335 [W2] or 3336 or 3416 or SUST 3440 or 3450. Many of the courses on this list will also satisfy the upper-level requirement (see above).

This is a suggested plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

**Program Specific Notes**

- \*A grade of C- or higher must be earned in all CHEM courses. Students must have a minimum overall 2.0 GPA for CHEM courses. CHEM 2110/2115 and CHEM 2120/2125 are not included when calculating the CHEM GPA. No chemistry core or cognate course may be taken P/NC and be counted toward any degree track in chemistry.
- \*\*Dependent on first-year math competency placement. There are several variations possible in the selection and sequence of courses in the junior and senior years. Since flexibility is based on preparation, it is important to complete Calculus I as early as possible.
- <sup>1</sup>It is important to note that at Stockton, Chemistry I and IV are ‘General Chemistry’ while CHEM II and CHEM III are ‘Organic Chemistry’; thereby students may proceed to CHEM II or IV after taking CHEM I with lab.
- <sup>2</sup>Students are encouraged to enroll in Chemistry Seminar before their senior year.
- <sup>3</sup>All transfer students must complete a minimum of 16 credits in Stockton Chemistry courses at the 3000-level (except CHEM 3800, 3900, 3940, 4800, 4810 or 4900) regardless of how many credits were accepted when students transferred. One course must be a laboratory intensive course (CHEM 3110, 3310, 3320, 3350, 3420 or CHEM 3025). Note, CHEM 3035 Survey of Instrumentation is not open to chemistry majors.
- <sup>4</sup>Course only offered in fall semesters.
- <sup>5</sup>Course only offered in spring semesters.
- <sup>6</sup>No more than 8 credits of research/internship may be counted toward meeting chemistry degree requirements.

<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

**Program Specific Notes**

- \*A grade of C- or higher must be earned in all CHEM courses. Students must have a minimum overall 2.0 GPA for and a 2.3 GPA for all CHEM courses. CHEM 2110/2115 and CHEM 2120/2125 are not included when calculating the CHEM GPA. No chemistry core or cognate course may be taken P/NC and be counted toward any degree track in chemistry. The ACS certified degree track requires at least 44 credits in CHEM courses. If a student does not achieve a 2.3 CHEM GPA, but meets all other requirements for the B.S. General track, they will earn the B.S. degree in Chemistry without ACS certification.
- \*\*Dependent on first-year math competency placement. There are several variations possible in the selection and sequence of courses in the junior and senior years. Since flexibility is based on preparation, it is important to complete Calculus I & II as early as possible.
- <sup>1</sup>It is important to note that at Stockton, Chemistry I and IV are ‘General Chemistry’ while CHEM II and CHEM III are ‘Organic Chemistry’; thereby students may proceed to CHEM II or IV after taking CHEM I with lab.
- <sup>2</sup>Students are encouraged to enroll in Chemistry Seminar before their senior year.
- <sup>3</sup>Students must complete at least two elective CHEM 3000-level courses not part of the chemistry core. These courses are offered on a rotating schedule and availability can be found through the course catalog. For the ACS certified degree track, CHEM 3250 counts as one of these courses. Note, CHEM 3035 Survey of Instrumentation is not open to chemistry majors. Independent student research and internship projects cannot be used to fulfill this requirement.
- <sup>4</sup>All transfer students must complete a minimum of 16 credits in Stockton Chemistry courses at the 3000-level (except CHEM 3800, 3900, 3940, 4800, 4810, or 4900) regardless of how many credits were accepted when students transferred. One course must be a laboratory intensive course (CHEM 3110, 3310, 3320, 3350, 3420 or CHEM 3025).
- <sup>5</sup>Course only offered in fall semesters.
- <sup>6</sup>Course only offered in spring semesters.
- <sup>7</sup>No more than 8 credits of research/internship may be counted toward meeting chemistry degree requirements.

As of March 24, 2023

**2023-2024 Degree Map: B.S. Environmental Science – Forestry Concentration**  
**School of Natural Sciences and Mathematics | Stockton University**  
**USC1 – 240 | (609) 652-4546**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program’s At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

**Program Specific Notes**

- ENVL majors must earn a minimum grade of C in ENVL 1100, 2100/05, 2200/2205, 2400, 2600, 4300/4305, 4800/4900.
- All Environmental Studies majors must earn a **2.0 GPA** in all NAMS courses taken at Stockton.
- All program and cognate courses should be taken for a letter grade. Pass/No Credit (P/NC) option is not accepted for these courses.
- \* Order can be shifted but must all be completed before end of year 2.
- <sup>#</sup> Can be taken either semester in Year 4.
- <sup>2</sup> At Stockton, Chemistry I and IV are ‘General Chemistry’ while CHEM II and CHEM III are ‘Organic Chemistry’; thereby students may proceed to CHEM II or IV after taking CHEM I with lab.
- <sup>3</sup> Choose ENVL or other NAMS courses to equal 80 total ENVL/cognate credits. Courses in POLS, ECON, PUBH & others may count as cognates with PRIOR approval of preceptor.
- <sup>4</sup> **No more than one non-ENVL course** can be counted towards the 16 upper-level credits. Choose **ONE or more** of the following to reach 80 program/cognate credits: ENVL 3121 Wildlife Management; ENVL 3302 Geographic Information System; ENVL 3304 Remote Sensing; ENVL 3311 Regional Planning; ENVL 3432 Soil Science; ENVL 3434 Watershed Hydrology; ENVL 3308 Introduction to LiDAR (2 credits); ENVL 4201 Introduction to Spatial Statistics (2 credits).

<b>Total Course Load as of Fourth Year Fall Semester</b>	<b>113-116 credits</b>

<b>FOURTH YEAR – SPRING SEMESTER</b>	
ASD or G-course <b>Optional Attributes:</b> W, A, H, I, and/or R	<b>4 credits</b>
ENVL 4300/05 Environmental Issues <sup>#</sup> (Fall or Spring; seniors only) <b>Attribute: V</b>	<b>4 credits</b>
ENVL 3000-4999 ENVL Elective (FROM LIST) <sup>4</sup>	<b>4 credits</b>
ENVL or NAMS Elective <sup>3</sup>	<b>4 credits</b>
<b>Fourth Year Credit Total Overall</b>	<b>129-132 credits</b>

**Program Specific Notes**

- ENVL majors must earn a minimum grade of C in ENVL 1100, 2100/05, 2200/2205, 2400, 2600, 4300/4305, 4800/4900.
- All Environmental Studies majors must earn a **2.0 GPA** in all NAMS courses taken at Stockton.
- All program and cognate courses should be taken for a letter grade. Pass/No Credit (P/NC) option is not accepted for these courses.
- \* Order can be shifted but must all be completed before end of year 2.
- <sup>#</sup> Can be taken either semester in Year 4.
- <sup>2</sup> At Stockton, Chemistry I and IV are ‘General Chemistry’ while CHEM II and CHEM III are ‘Organic Chemistry’; thereby students may proceed to CHEM II or IV after taking CHEM I with lab.
- <sup>3</sup> Choose ENVL or other NAMS courses to equal 80 total ENVL/cognate credits. Courses in POLS, ECON, PUBH & others may count as cognates with PRIOR approval of preceptor.
- <sup>4</sup> **No more than one non-ENVL course** can be counted towards the 16 upper-level credits. Choose 8 credits from the following to reach 16 credits of the upper-level ENVL electives: ENVL 3241 Environmental Pollution and Regulation; ENVL 3531 Soil Chemistry; ENVL 3434 Watershed Hydrology **OR** ENVL 3435 Groundwater Hydrology (whichever was not chosen above); ENVL 3302 Geographic Information Systems; ENVL 3304 Remote Sensing (2 credits); ENVL 3426 Freshwater Ecology; ENVL 3428 Wetland Soils; ENVL 3430 Geomorphology: Terrain Analysis; ENVL 3431 Field Soil Morphology (2 credits – can be repeated up to 3 times); GEOL 3231 Sedimentology and Stratigraphy; GEOL 4371 Introduction to Geophysics.

As of March 24, 2023

**2023-2024 Degree Map: B.S. Environmental Science – Wildlife Concentration**  
**School of Natural Sciences and Mathematics | Stockton University**  
**USC1 – 240 | (609) 652-4546**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program’s At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

**Program Specific Notes**

- Students must earn a “C” or higher in core courses shaded above.
- At least an overall 2.0 GPA in MATH-acronym courses is required. For the purposes of this Program requirement, if a MATH-acronym course is taken more than once, only the highest grade earned will be used. An overall GPA of 2.0 is required for all NAMS courses.
- \*Courses that have been approved by the [Society of Actuaries \(SOA\)](#) and the [Casualty Actuarial Society \(CAS\)](#) to meet the Validation by Education Experience (VEE)

**2023-2024 Degree Map: B.S. Mathematics – Actuarial Science**  
**School of Natural Sciences & Mathematics | Stockton University**  
**USC1 – 240 | (609) 652-4546**

requirements with grade B- or better.

- Transfer students should note that transfer credits for non-calculus-based statistics courses, although accepted by the University, will not count as Program/Cognate credits toward a Mathematics degree.
- Graduating seniors are required to complete a content-based field test in the last semester. Graduation is not dependent on the test score.
- There are more sections of PHYS 2220/25 Physics I w/lab (**Attribute:** Q1) offered in the Fall semester than Spring. More sections of PHYS 2230/35 Physics II w/lab are offered in Spring semester than the Fall.
- Most of the following courses are offered once a year:
  - **Fall semester only:** MATH 4441 Abstract Algebra (**Attribute:** Q1), MATH 4445 Topics in Geometry (**Attribute:** Q1), MATH 4451 Probability and Statistics I (**Attribute:** Q1), and MATH 4461 Numerical Analysis (**Attribute:** Q1).
  - **Spring semester only:** MATH 4431 Real Analysis, MATH 4432 Complex Analysis (**Attribute:** Q1), and MATH 4452 Probability and Statistics II (**Attribute:** Q1).
  - **Offered in the Spring semester on as needed basis:** MATH 4471 Computer Algorithms (**Attribute:** Q1), MATH 4472 Theory of Computation (**Attribute:** Q1), and MATH 4481 Topics in Mathematics (**Attribute:** Q1), are Depending on the course content, MATH 4481 may belong to Group I or II. Please check with the instructor before you enroll in the course regarding the Group designation.
- Consult with preceptor before taking statistics courses that do not have MATH acronym. Non-calculus-based statistics courses will not count as Program/Cognate courses toward a Mathematics degree.

As of March 2023

**2023-2024 Degree Map: B.S – Psychology - General**  
**School of Social and Behavioral Sciences | Stockton University**  
**H-201| (609) 652-4512**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program’s At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

**Program Specific Notes**

- All majors must have a cumulative C average across all their Economics courses and a C or higher in Senior Seminar.
- Introductory Macro and Microeconomics courses may be offered online or in person.
- Intermediate theory and all other required core courses will be offered in person.
- Upper-level economics elective courses will be offered in person (occasionally International Finance is offered online) and other electives may be offered online or in person.

**2023-2024 Degree Map: BA - Economics – Economic Policy**  
**School of Social and Behavioral Sciences | Stockton University**  
**H-201 | (609) 652-4512**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

- While completing your coursework consider the following:
  - ✓ Year 1: Join PSYC Club or any other student club! Attend Get Involved Fair & search.
  - ✓ Year 2: Add a minor; Participate in summer research opportunities at other institutions; Explore study abroad opportunities through the Office of Global Engagement
  - ✓ Year 3: Join Psi Chi, The Honor Society in Psychology (if qualified); Assist in research and acquiring valuable research experience with faculty; Enroll in a Summer Intensive Research Experience (SIRE) Course; Make plans for post-graduation.
  - ✓ Year 4: Working on a 2-semester senior project for distinction with a faculty mentor; Continue assisting in research and acquiring valuable research experience with faculty; Complete post-graduate plans.

**2023-2024 Degree Map: BS - Psychology – Forensic Psychology  
School of Social and Behavioral Sciences | Stockton University  
H-201 | (609) 652-4512**

This is a **suggested** plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>ASD:</b> Any At-Some-Distance	<b>4 credits</b>
<b>Fourth Year Credit Total Overall</b>	<b>128 credits</b>

**Program Specific Notes**

- While completing your coursework consider the following:
  - ✓ Year 1: Join PSYC Club or any other student club! Attend Get Involved Fair & search.
  - ✓ Year 2: Add a minor; Participate in summer research opportunities at other institutions; Explore study abroad opportunities through the Office of Global Engagement
  - ✓ Year 3: Join Psi Chi, The Honor Society in Psychology (if qualified); Assist in research and acquiring valuable research experience with faculty; Enroll in a Summer Intensive Research Experience (SIRE) Course; Make plans for post-graduation.
  - ✓ Year 4: Working on a 2-semester senior project for distinction with a faculty mentor; Continue assisting in research and acquiring valuable research experience with faculty; Complete post-graduate plans.

As of March 2023

**2023-2024 Degree Map: B.A. - Sociology and Anthropology –  
Dual-Degree (4+1) B.A. SOCY/ANTH & M.A. American Studies  
School of Social and Behavioral Sciences | Stockton University  
H-201| (609) 652-4512**

This is a suggested plan of study for completion of this degree program. The **goal** of a Degree Map is to ensure that students graduate with no greater than 128 credits and in four years.

- All students should speak with their preceptor about their academic programs. Students are advised to reference their Degree Works for information about their program's At-Some-Distance and Cognate courses.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.

<b>FIRST YEAR – FALL SEMESTER</b>

**Program Specific Notes**

- **Eligibility:** Students are eligible to enroll in the 4+1 option after earning 96 credits
- **General Requirements:** All Bachelor programs require 128 credits and a cumulative 2.00 GPA. M.A. courses require a minimum grade of B to satisfy degree requirements.
- **Program Competency Requirement:** In place of a statistics course, students may complete a minor in a foreign language, Women’s, Gender, and Sexuality Studies, or Africana Studies, or other minor with program approval.
- **Face-to-face required:** Of the Intro course and 5 electives, two courses must be in-person.
- **Study Abroad and/or Internship:** recommended in year 3. Washington Internship recommended Spring year 4.
- **Anthropology Concentration:** ANTH 1100 required; at least three program electives must be in Anthropology.
- **Sociology Concentration:** SOCY 1100 required; at least three program electives must be in Sociology.
