| Call to Order    | Chairperson Schoffer called the meeting to order at 12:44 p.m. on Wednesday, September 18, 2019 on the Galloway Campus in the President's Conference Room (K-203r). On September 11, 2019, notice of this meeting, as required by the Open Public Meeting Act, was (a) posted on the University’s Website; (b) forwarded to the Bursar's Office at the University, the editors of the Press of Atlantic City, the Daily Journal; and (c) filed with the Secretary of the State of New Jersey, the Galloway Township Clerk’s Office, and the Atlantic County Clerk’s Office.

| Approval of Open Public Regular Meeting Minutes of July 17, 2019 | Upon a motion duly made by Trustee Dolce and seconded by Trustee Worthington, the Board voted to adopt the Open Public Meeting minutes of the July 17, 2019 Board of Trustees Open Public Meeting.

| Resolution to Meet in Closed Session | Upon a motion duly made by Trustee Worthington and seconded by Trustee Davis, the Board voted to meet in closed session at 12:46 p.m.

| Reconvene of Open Public Meeting | Chairperson Schoffer reconvened the Open Public meeting at 4:30 p.m. in the Campus Center Board of Trustees Room.

| Chairperson's Remarks | Trustee Schoffer welcomed everyone to the first Board meeting of the fall semester and asked for roll call.
|                       | Trustee Schoffer then called for a motion to approve a resolution for
the 2019 - 2020 Slate of Officers.

**Upon a motion duly made by Trustee Worthington and seconded by Trustee Jacobson, the Board voted to adopt the resolution of the 2019 – 2020 Slate of Officers.**

Trustee Schoffer then called upon Dr. Kesselman to speak about the new student trustee alternate, Tyler Rodriguez. President Kesselman first congratulated Nadira Anderson as she is now the Student Trustee. President Kesselman then called upon Mr. Rodriguez to take the Oath of Office. Trustee Schoffer administered the Oath, Mr. Rodriguez signed it, and then remarked about welcoming the opportunity to serve on the Board.

Trustee Schoffer thanked Board members who serve on standing committees for their continued support and leadership and indicated the same committee structure and chairs would be maintained for the upcoming year. Trustee Schoffer called upon Trustee Nancy Davis to present the Academic Affairs Committee report.*

*NOTE: President’s report was delayed due to honorees running late to Board meeting.*

BOARD OF TRUSTEES

RESOLUTION

FY20 MANAGERIAL MERIT POOL AUTHORIZATION

WHEREAS, the Board of Trustees of Stockton University has fiscal and policy responsibility for the University; and

WHEREAS, the University has recognized excellence and promoted meritorious managerial performance through its managerial merit program; and

WHEREAS, managers are not eligible for annual increments or cost of living increases; and

WHEREAS, evaluations of the performance of the University’s managers during FY19 have been performed; therefore, be it

RESOLVED, that the Stockton University Board of Trustees authorizes the establishment of a merit pool up to 3% for managerial increases and expected reclassifications and a pool of 1% for equity increases; therefore, be it further

RESOLVED, that the increase for each manager shall be based on performance, equity and/or a reclassification of duties, to be recommended by the Divisional Cabinet Member to the President, and subject to his approval, and paid from the merit pool with an implementation date to be determined by the President.

December 4, 2019
WHEREAS, on September 18, 2013, the Board of Trustees of Stockton University authorized the establishment of Stockton Aviation Research and Technology Park of New Jersey, Inc. (Stockton ARTP) as an auxiliary corporation under the Public College Auxiliary Organization Act, N.J.S.A. 18A:64-26 et seq., and designated Stockton ARTP as a 501 (c) (3) New Jersey non-profit corporation, to support and strengthen the University’s mission and serve the University by shaping the growth and activities to meet the evolving needs of the University and community; and

WHEREAS, in accordance with N.J.S.A. 18A:64-31, the University trustee, student directors and private sector directors of Stockton ARTP's Board of Directors shall be appointed by the University's Board of Trustees for terms of up to three years; and

WHEREAS, on April 27, 2018, pursuant to the New Jersey Non-Profit Corporation Act, N.J.S.A. 15A:9-4, Stockton ARTP filed a Certificate of Amendment to its Certificate of Incorporation changing the name of the organization to National Aviation Research and Technology Park, Inc.; and

WHEREAS, on May 14, 2018, the State of New Jersey, Department of the Treasury, Division of Revenue & Enterprise Services, issued a Certificate of Amendment verifying the business name change to National Aviation Research and Technology Park, Inc. (NARTP) and assigned Validation Number: 4054250448; and

WHEREAS, the President of the University has recommended the individuals listed below to serve as NARTP private sector directors, student director, and board members for the terms indicated; therefore, be it

RESOLVED, that the Stockton University Board of Trustees authorizes the appointments of the individuals listed below to the NARTP Board of Directors for the terms indicated:

Relevant Experience:

• 30 years’ experience in NASA, industry and academia in leading engineering, design, systems analysis, and technology development activities related to the development of advanced space systems and entry vehicles.
• Led NASA’s 400-person Exploration Systems Architecture Study (ESAS) to define the systems, schedule, programs, budgets, and technologies required to return humans to the Moon, service the International Space Station after Space Shuttle retirement, and to eventually transport humans to Mars. Awarded the NASA Distinguished Public Service Medal.
• Served as Proposal/Program Manager for 12 successful proposals totaling over $40 million, and subsequently managed each contract on schedule and under budget, providing total profits of over $7 million.
• Responsible for technical oversight and planning of Reusable Launch Vehicle and Advanced Space Transportation Technology Programs at NASA Headquarters
• Led wide variety of technology planning activities and systems analysis studies to determine the costs and benefits of employing advanced technologies on future launch and entry systems in NASA, DoD, and industry.
• Doctorate in Engineering Management with Dissertation topic of “Technology Engineering: A Systems Engineering Approach to the Concurrent Development of Space Transportation Systems and Technology”
• Author/co-author of over 40 peer-reviewed publications and over 50 conference papers related to advanced space system and entry vehicle design and technology development
• AIAA Associate Fellow and Member of AIAA Liquid Propulsion and Space Transportation Technical Committees; AIAA Space Exploration, Public Policy, Transformational Aero, and Corporate Membership Program Committees; and International Astronautics Federation Space Transportation Technical Committee

EDUCATION

D.Sc., Engineering Management, George Washington University, 2002
M.S., Astronautical Engineering, George Washington University, 1988
B.S., Mathematics, Baylor University, 1986

EMPLOYMENT

(2011 – Present) NATIONAL INSTITUTE OF AEROSPACE, Hampton, VA
Currently, President and Executive Director. Responsible for $35M in research, education, and outreach programs and over 110 employees. Previously served as Vice-President of Research and Program Development. Responsible for over $20M in research programs and over 50 employees.

(2005 – 2011) GEORGIA TECH, NATIONAL INSTITUTE OF AEROSPACE, Hampton, VA
Served as Principal Research Engineer in the Aerospace Engineering Department of Georgia Tech, in residence as a Visiting Professor at the National Institute of Aerospace. Performed research and instruction in advanced space systems and entry vehicle design and technology assessment. Led 50-person NASA Constellation Propellant Options Study to determine preferred propulsion system choices for the Orion Service Module and lunar lander. Led NASA’s 400-
person Exploration Systems Architecture Study (ESAS) to define the systems, schedule, programs, budgets, and technologies required to return humans to the Moon, service the ISS after Space Shuttle retirement, and to eventually transport humans to Mars. Results presented to the White House and Congress and documented in all National media outlets. Awarded the NASA Distinguished Public Service Medal.

(1998-2004) ORBITAL SCIENCES CORPORATION, Dulles, VA

Served as Program Director, Advanced Flight Systems, for Orbital’s Advanced Programs Group (APG). Responsible for managing the $6 million Concept Exploration and Refinement Program for NASA’s Exploration Systems Enterprise, managing a space exploration architecture study contract for NASA Langley, and for managing proposal efforts for NASA’s Human and Robotic Technology Program.

Served as Program Director, Business Development, for Orbital’s APG. Responsible for business development activities with NASA and the DoD related to advanced space flight systems and technologies.

Served as Space Launch Initiative Program Director, responsible for activities related to the marketing, capture and performance of contracts for NASA’s Reusable Launch Vehicle programs.

Served as overall Proposal Manager for NRA 8-30, 2nd Generation RLV Risk Reduction, as a part of NASA’s $4.3B Space Launch Initiative (SLI). Coordinated 100-member inter-industry team in proposing over $500 million in RLV design and technology demonstration activities. This represented the largest, most complex proposal activity in company history. A single set of technical and cost proposal documents required over 10,000 pages in twenty volumes.

Managed an inter-industry team of 35 to 40 people and over $4 million per year in contracted study activities related to NASA’s Reusable Launch Vehicle (RLV) technology and system development. Served as Principal Investigator and Program Manager for NRA 8-27, 2nd Generation RLV Risk Reduction Definition contract with NASA MSFC. Also served as Program Manager for Reusable Access-to-Space Technology contract with DoD.

Served as Principal Investigator, Program Manager and Proposal Manager for 2nd Generation RLV Space Transportation Architecture Studies (STAS) $5 million contract with NASA HQ.

Member of International Astronautical Federation Space Transportation Technical Committee. Associate Fellow of American Institute of Aeronautics and Astronautics.

Served as Senior Technical Advisor to the Head of NASA’s Reusable Launch Vehicle Program Office, which was responsible for all of NASA’s advanced space transportation research and development, including the X-33 and X-34 flight demonstrator programs. Responsible for technical oversight of X-33, X-34, ASTP, SHARP re-entry vehicle and Bantam Programs. Responsible for overall prioritization of space transportation technology investments based on their system payoff/risk. Responsible for integration of technology programs into a top-level budget and strategy. Taught graduate-level courses in Systems Engineering Doctoral Program at George Washington University.

(1989-1996) NASA LANGLEY RESEARCH CENTER, Hampton, VA

Served as Lead Engineer for NASA Langley’s Advanced Manned Launch System Study, Single Stage Vehicle Study, Access-to Space Study, and other studies related to NASA’s Reusable Launch Vehicle Program. Responsible for overall system integration and optimization of Single-Stage-to-Orbit (SSTO) vehicles for NASA’s Reusable Launch Vehicle (RLV) Program to replace the current Space Shuttle with a more cost-effective system in the near future. These
projects required a high level of integration of aerodynamics, structures, aeroheating, thermal protection systems, trajectories, weights/sizing, geometry/packaging, operations, and cost analyses. They also utilized significant advanced technologies under development in each of these subsystem areas. State-of-the-art computer tools and methods were used to evaluate benefits of advanced technologies and to mitigate technological risk in designing for operations and cost. A wide variety of parametric trade studies were also performed.

Responsible for successful introduction of state-of-the-art multidisciplinary design and optimization (MDO) techniques to advanced system studies, such as: Taguchi methods of robust design, response surface methods, system sensitivity analysis, neural networks, and a variety of gradient-based techniques.

(1988-1989) VIGYAN RESEARCH ASSOCIATES, Hampton, VA
   Worked as research engineer at NASA Langley.

(1986-1988) GWU/NASA LANGLEY RESEARCH CENTER, Hampton, VA
   Worked as Graduate Research Assistant for George Washington University. Assigned to NASA Langley. Obtained 'hands on' experience with NASA center to complement ongoing course work.

David E. Sweet

David Sweet is a retired executive of The Boeing Company and current consultant to Boeing in research, technology, and analytics for complex aviation systems operations. His work spans the entire aviation system-of-systems, including airlines (and other airspace users), airports, airplanes, and airspace/air traffic management. It includes advanced modeling and simulation, test and analysis, and live flight experimentation for aviation operational concepts and technology integration. Further, Mr. Sweet’s work also provides creative approaches across technical, operational, and business strategy for emerging systems capabilities, e.g. unmanned systems in air cargo and air taxi roles, and advanced analytics/AI applied to airline, airport, and airspace operations/control centers.

Mr. Sweet also served as the Co-Chair and Industry Lead for the Joint Planning & Development Office (JPDO) of the NextGen Air Transportation System. This was a Public-Private and government Interagency organization providing a forum for both high-level aviation stakeholder dialogue and to provide input to concepts, policies, and requirements across the future aviation system. Mr. Sweet led activities associated with system-wide information management, (network) aviation operations, as well as early looks at special topics such as information security/privacy and unmanned systems.

Mr. Sweet held various leadership positions at Boeing, including roles as Director of Strategy, Security (including cybersecurity), and of Planning and Analysis. He also served on special assignment for several years regarding Boeing’s Mergers and Acquisitions (M&A), both identifying potential deals, as well as creative value analysis and early integration planning.

Early in his career, Mr. Sweet was a Boeing director of systems and operations analysis for military and dual use (civil-military) aviation systems in areas such as airlift, cargo, and special operations/ homeland security. Mr. Sweet is a combat veteran of the Vietnam War (1971-72) and was an Air Force advanced aircraft/avionics R&D program manager.

Mr. Sweet has a bachelor’s degree with High Honors (in Mathematical Economics) from Colgate University, and an M.S. in Operations Research and Statistics from Rensselaer Polytechnic Institute. He also completed all OR Ph.D. coursework at RPI, and the graduate Executive Program in Corporate Strategy from University of Virginia (under Boeing sponsorship.)
Lauren H. Moore, Jr. is currently the Executive Director of the Atlantic County Economic Alliance (ACEA). The ACEA’s core mission is to drive economic growth in Atlantic County through strategic planning and public-private partnerships that attract, retain and support a diversity of businesses and industries, create quality jobs and lower property taxes.

As Executive Director of the ACEA, Mr. Moore leads economic development efforts for the Atlantic County region and maintains a broad range of responsibilities. These include working with state, local and federal business assistance and incentive programs; assisting businesses in commercial real estate site selection services; advising and guiding companies on regulatory and permitting matters; developing and encouraging domestic and foreign-based firms to invest in Atlantic County; and promoting and marketing Atlantic County as a place to live, work and do business.

Mr. Moore previously worked as the Executive Director of the New Jersey Business Action Center (BAC) where he reported to the Lieutenant Governor and oversaw all units of the BAC including Business Advocacy, Planning Advocacy, Small Business Advocacy, the Call Center and the Office of International Business Development and Protocol.

Mr. Moore has more than 30 years of professional experience, holding numerous management positions in government. He has a Bachelor’s Degree in Environmental Science from Stockton University and is a licensed New Jersey professional planner and member of the American Institute of Certified Planners (AICP).

Mr. Moore can be reached at (609) 245-0019 or LMoore@aceanj.com.

This one-year bid waiver will provide the Office of Residential Life access to the StarRez student housing software which provides: on-line housing applications, on-line roommate and room selection, core housing management, mobile iPhone directory, visitor tracking, residential vehicle registration, StarRez Web, Web Mobile, REST Web Services Application Programming Interface (API) and Portal-Housing Accommodation. This bid waiver is for maintenance of the system as well as the addition of the PortalX platform upgrade which will provide efficiencies for Residential Life by automating more processes such as lockouts, room change requests and application deposits. The software is user friendly and allows students to make changes themselves from any device. PortalX will also permit single sign-on from the administration side which will provide greater security to protect the data in StarRez and is in alignment with ITS best practices. The bid waiver will include portal configuration as well as training and consulting on the new processes. The StarRez system is integrated with many of the campus systems currently in use at the University and was initially acquired through a publicly advertised procurement.

RESOLUTION

APPROVING THE FINANCING FOR THE PURCHASE OF PROPERTY THROUGH
ISSUANCE BY THE NEW JERSEY EDUCATIONAL FACILITIES AUTHORITY
OF ITS REVENUE BONDS, STOCKTON UNIVERSITY ISSUE

WHEREAS, by resolution adopted on February 20, 2019, the Board of Trustees of Stockton University (the “University”) authorized the purchase of property located at 421 Chris Gaupp Drive, Galloway, New Jersey and consisting of approximately 2.73 acres, a building containing approximately 24,099 square feet with 42 rooms, various common areas and a retail space (collectively, the “Property”); and

WHEREAS, the University has requested the assistance of the New Jersey Educational Facilities Authority (the “Authority”) to finance the acquisition of the Property (the “Project”) through issuance by the Authority of its Revenue Bond, Stockton University Issue (the “Bond”); and

WHEREAS, TD Bank, N.A. (the “Bank”) has agreed to purchase the Bond in accordance with the terms and conditions of its response dated September 23, 2019 to the University’s request for proposals (the “Term Sheet”); and

WHEREAS, the Authority will apply the proceeds of the Bond to make a loan to the University for the financing of the Project in accordance with either a Bond Agreement by and among the Authority, the Bank and the University or a Lease Agreement by and between the Authority and the University (the “Agreement”) providing, among other things, for payments by the University sufficient to meet installments of principal and interest on the Bond; and

WHEREAS, the University intends by this Resolution to authorize the taking of all necessary and appropriate action on its part in connection with the acquisition of the Properties and issuance and sale of the Bond and the execution and delivery of the documents required in connection therewith.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF STOCKTON UNIVERSITY AS FOLLOWS:

SECTION 1. The Board hereby approves the loan by the Authority to the University of the proceeds of the Bond to finance the Project and to pay costs of issuance, including the Authority’s financing fees and expenses, in the principal amount not to exceed $6,500,000, with a final maturity not to exceed sixteen (16) years, and with an initial interest rate not to exceed three and one-half percent (3.50%), all in accordance with Term Sheet. The President and the Chief Financial Officer (hereinafter the “Authorized Officers”) are hereby authorized
to approve the final terms of the Bond including the exact principal amount of the Bond, the interest rate provisions, the maturity schedule, and the redemption provisions.

SECTION 2. The Agreement, with such changes, omissions, insertions and revisions as shall be approved by the Authority and the Authorized Officers of the University, with the advice of the Office of General Counsel, is hereby approved. The Authorized Officers are hereby authorized and directed to execute the Agreement in the name of and on behalf of the University, and to affix or impress the official seal of the University thereon and to attest the same. Such execution and attestation to be conclusive evidence of the approval of the form and content of such Agreement.

SECTION 3. The Authorized Officers of the University, be and the same, are hereby authorized and directed to execute, deliver and approve any and all such other agreements, documents, certificates, directions and notices and to do and perform such acts and to take such actions as may be necessary or required or which the Authority may deem to be appropriate to implement the purposes of this Resolution, to (a) acquire title to the Property and (b) consummate the issuance of the Bond by the Authority and payment of all the costs related thereto, and to effectuate the execution and delivery of the Agreement, the deed to the Property to the Authority, if necessary, and any other documentation required to effectuate the Project and the issuance of the Bond by the Authority. Any Authorized Officer of the University is hereby authorized and directed, for and on behalf of and in the name of the University to attest and deliver said documentation and to affix the seal of the University to said documentation. Such execution and attestation to be conclusive evidence of the approval of the form and content of such documentation.

SECTION 4. All prior actions of the University in connection with the Project are hereby ratified and confirmed. All resolutions, orders and other actions of the University in conflict with the provisions of this Resolution to the extent of such conflict are hereby superseded, repealed or revoked.

SECTION 5. This Resolution shall take effect immediately.

This bid waiver from the Office of Financial Aid is for the implementation and five-year agreement for CampusLogic software platforms, CampusCommunicator, StudentForms, ClearCost and CampusMetrics Insights. The purchase will help the University increase enrollment by clearly communicating financial aid information and the cost of attendance to students. CampusCommunicator simplifies communications offering personalized debt letters, award notifications and shopping sheets to students through automated emails and text alerts. StudentForms is designed to automate student finance processes with online task management pre-filled personalized web forms where students can upload the documents from any device reducing the need for paper. ClearCost includes a net price calculator based on the Student Profile. The net price calculator can be personalized with a message tailored to University programs, updates automatically each aid year saving the University time and effort, is compliant with Higher Education Opportunity Act (HEOA) and integrates with customer relationship management tools (CRM) used to identify which students will provide the highest return on their admission. CampusMetrics Insights provides a comprehensive library of pre-built insights to help drive enrollment and adjust services to meet student needs. (Reference: N.J.S.A.18A:64-56 (a) [19])

Policy VI-22: Compensation Plan for Managerial Employees
Summary of Key Changes

The Policy has been updated as follows:

- Administrator title updated;
- Updated the review history.
Compensation Plan for Managerial Employees

Policy Administrator: Associate Vice President for Human Resources
Authority: N.J.S.A 18A: 64-6
Index Cross-References:
Policy File Number: VI-22
Approved By: Board of Trustees (pending)

The following establishes the employment and compensation plan for managerial employees. Managerial employees are those employees whose positions are defined as unclassified and not being within a State-recognized bargaining unit.

It is the policy of the University that an employment and compensation process be adopted and implemented for employees designated by the University as managerial employees. The process to determine salary is intended to facilitate recruitment of highly qualified employees and provide competitive compensation and benefits.

To determine salary, the President will evaluate the level of responsibility and accountability of the position, independent judgment required of the incumbent, the scope of authority of the position, and the knowledge required to effectively perform the duties of the position. Salary determinations include relevant equity considerations.
