RESOLUTION

APPOINTMENT OF BOARD MEMBER TO

NATIONAL AVIATION RESEARCH AND TECHNOLOGY PARK, INC.

WHEREAS, on September 18, 2013, the Board of Trustees of Stockton University authorized the establishment of Stockton Aviation Research and Technology Park of New Jersey, Inc. (Stockton ARTP) as an auxiliary corporation under the Public College Auxiliary Organization Act, N.J.S.A. 18A:64-26 et seq., and designated as a 501(a)(3) New Jersey non-profit corporation, to support and strengthen the University’s mission and serve the University by shaping the growth and activities to meet the evolving needs of the University and community; and

WHEREAS, in accordance with N.J.S.A. 18A:64-31, the University trustee, student directors and private sector directors of Stockton ARTP’s Board of Directors shall be appointed by the University’s Board of Trustees for terms of up to three years; and

WHEREAS, on April 27, 2018, pursuant to the New Jersey Non-Profit Corporation Act, N.J.S.A. 15A:9-4, Stockton ARTP filed a Certificate of Amendment to its Certificate of Incorporation changing the name of the organization to National Aviation Research and Technology Park, Inc.; and

WHEREAS, on May 14, 2018, the State of New Jersey, Department of the Treasury, Division of Revenue & Enterprise Services, issued a Certificate of Amendment verifying the business name change to National Aviation Research and Technology Park, Inc. (NARTP); and

WHEREAS, the President of the University has recommended Jayden Craft to serve as a NARTP student director and board member for a two (2) year term; therefore, be it

RESOLVED, that the Stockton University Board of Trustees authorizes the appointment of Jayden Craft to the Board of Directors of NARTP for the term indicated:

Student Director	Term of Appointment
Jayden Craft	December 9, 2020 – December 8, 2022

December 9, 2020

JAYDEN CRAFT

Aspiring Physicist/Mathematician/Computer Scientist (undecided). I have completed two years of college at Stockton University with an Applied Physics major and a Mathematics major. I also am working on a Computer Science minor. I love programming which I think is a perfect complement to Mathematics and Physics, especially in modern times. I have learned Java, some MATLAB, some Python, and I'm currently working on developing in Android Studio and learning R (time permitting with my two majors). I'm currently undecided on my specific career path, but I'm leaning towards Research Physicist in Nuclear Physics.

EXPERIENCE

5/2019 - CURRENT

SALES ASSOCIATE, WALMART

I make sure my area of the store is clean and make sure customers can find what they need in a timely fashion.

5/2018 – 9/2018

BUSSER, PANINI BAY

I was tasked with cleaning off tables and setting up the tables for the parties waiting for their reservation as well as running food out to the tables. The restaurant is seasonal.

EDUCATION

IN PROGRESS

B.S. MATHEMATICS – GENERAL CONCENTRATION, STOCKTON UNIVERSITY

I have been named to the Dean's List in two of three my completed semesters (awaiting my fourth semester grades) and I currently have a 3.79/4.0 GPA.

IN PROGRESS

B.S. APPLIED PHYSICS, STOCKTON UNIVERSITY

I have been named to the Dean's List in two of my three completed semesters (awaiting my fourth semester grades) and I currently have a 3.79/4.0 GPA. I also received a reward from the Physics Department for "Promising Young Physicist".

IN PROGRESS

MINOR IS COMPUTER SCIENCE, STOCKTON UNIVERSITY

I have recently started this minor and have completed Programming I and II.

SKILLS

- Great critical thinking and problem-solving skills
- Great at effectively communicating ideas in a group setting
- Programming
- Representing data in an easy-to-read way
- Great team working skills

ACTIVITIES

I have a real passion for all the STEM fields, more specifically Physics, Math, and Programming. In my free time I try to learn as much as possible about whatever grabs my attention. For fun, I programmed an infection simulation that can incorporate social distancing as a side project for my Programming II class. I also want to pick up better electronic skills. For example, I can program in Java, but that is slightly unsatisfying since there is so much background work in these compiled languages, so I started really learning how computers work and learned some Assembly language. My knowledge of this kind of programming is merely through observation from YouTube videos, but it's a good starting point for me to be able to satiate my need to understand what is happening. Currently, I am taking Optics and Quantum Mechanics for my Applied Physics major and Abstract Algebra for my Mathematics major. Besides the more hardcore education part of my personality, I enjoy playing bass guitar and guitar, singing, drawing, and playing sports. Despite all my varying interests, they all have one thing in common: physics. I'm constantly trying to figure out how physics is affecting everything I do, and I can't think of a better way to go through life.

Policy File Number: II-85

Approved By: Board of Trustees

Introduction:

This Policy defines the use of University group communication systems and tools to communicate with employees and students about Stockton University business, issues, or emergencies. Such group communication systems and tools are sent from University systems including email, cellular/smart phones, and other devices or platforms to most, or all, faculty, staff, and/or students.

This Policy recognizes the importance of electronic communication tools to the operation of the University while safeguarding its faculty, students, and staff from disruption of University business and mailbox clutter caused by misuse of large-scale communications. This Policy does not apply to communications within individual University units and divisions, like programs and schools.

1. APPROPRIATE USE:

The University may use group communication tools to correspond with employees and students about official University business that requires immediate notification or warrants special attention, as well as in the event of emergencies. All other mass communications to employees or students must be authorized by the appropriate approver (refer to Procedure 4155) and limited to matters affecting the majority of the designated group.

The following examples illustrate communications deemed appropriate for dissemination to most or all of the campus community:

- Emergency messages, campus alerts, and health and safety information.

- Campus operations messages about information technology services, human resources, and facilities that affect the Stockton community.
- Messages about major campus-wide events (e.g., Convocation, Commencement, Faculty Assemblies, athletic championships).
- Messages related to University policies or procedures.
- Announcements from the Board of Trustees, President, Provost, or other University leadership.
- Communications required by law.

2. INAPPROPRIATE USE:

Messages that exemplify inappropriate use of University systems and tools in disseminating information to faculty, staff, or students include:

- Messages not directly related to the University’s mission.
- Any communications that are commercial in nature, unless directly related to University business.
- Promotional, political, or lobbying activities as prohibited by Policy I-19, other University policy or procedure, or State law.
- Job postings or research recruitment.
- Marketing or advertising of programs, majors, courses, products, or events offered or sponsored by schools, departments, or organizations within the University which could be disseminated through alternate communication channels that target their specific audiences.
- Solicitations for contributions, charities, or participation in activities that are neither sponsored by the University, the University Foundation, or the New Jersey Employee Charitable Campaign, or related to University business.
- Solicitations for non-University businesses.
- Messages that contain discriminatory content, obscenity, are defamatory, or infringe on privacy.
- Messages that violate University policies or procedures.
- Messages that express or disseminate personal opinions or confidential information.

Stockton University's Chief Officer for Diversity and Inclusion serves as the University's Ethics Liaison Officer.

I. POLICY:

- A. Any employee who plans to qualify and run for a public office should notify the University's Ethics Liaison Officer and their Divisional Executive in writing ten days prior to qualifying for public office. This notification allows for the Divisional Executive and the Ethics Liaison Officer to screen for conflicts of interest. The employee is not required to identify their political party when giving such notification.
- B. If an employee's State position is federally funded, there may be prohibitions against their candidacy for certain elected offices. Prior to registering as a candidate, the employee must contact the Hatch Act Unit of the U.S. Office of Special Counsel at (800) 854-2824 for a determination.
- C. State employees are prohibited from serving as campaign treasurers due to the reporting and representation requirements of that position. Service in any other campaign position that requires filing reports with, or representation before, a State agency is also prohibited.
- D. State time, resources and materials may not be used for political activity.

Before qualifying for a public office, University employees should review their plans as a potential candidate with the employee's Divisional Executive to determine if the requirements for conducting the campaign or the requirements of the position, if elected, will interfere with the employee's duties. If such a determination is made, the employee should either resign from employment or request a leave of absence without pay for such period of time as is determined by the employee's Divisional Executive to

be in the best interest of the University.

Any member of the New Jersey National Guard in good standing with their respective unit shall be permitted to enroll in courses and receive a waiver for applicable tuition charges only. The waiver will cover assessed tuition up to the maximum credits provided under the flat rate billing standard during fall and spring semesters and up to 16 credits in the summer semesters. The value of the waiver is to be determined by actual credit enrollment numbers less allowable funding programs first applied (including but not limited to PELL, SEOG, TAG, Post 911, Tuition Assistance, etc.).

Any children or a surviving spouse of a member of the New Jersey National Guard who completed Initial Active Duty Training and was killed in the performance of their duties while on active duty with the New Jersey National Guard shall be permitted to attend courses under the flat rate billing standard during fall and spring semester and up to 16 credits during the summer tuition free (excluding fees) if seats are available on the first day of class and tuition-paying students constitute the minimum number of students required for the course.

Tuition Waivers for Unemployed Persons: Job Training Program

Policy Administrator: Bursar

Authority: N.J.S.A. 18A:64-13.2 & N.J.A.C. 12:23

Effective Date: March 1, 2006; October 12, 2010; February 16, 2011; TBD

Index Cross-References:

Policy File Number: VI-55

Approved By: Board of Trustees

The purpose of the tuition waiver program is to enable certain unemployed individuals to enroll, without payment of tuition and fees, in a job training program, certificate program, or degree program which shall provide them with an identifiable job skill and shall assist them in gaining reemployment. A course of instruction does not assist the individual in gaining reemployment if the individual already possesses identifiable job skills, unless those skills need to be upgraded in order for the individual to reach a level of self-sufficiency. Identifiable job skill means an identifiable marketable skill in a labor demand occupation. For more information, refer to the "Eligible Coursework" section on page 2 of this policy.

This policy applies to eligible individuals who are legal residents of the State of New Jersey.

Only one degree or one degree-bearing professional certificate from Stockton University may be earned under this tuition waiver program with the course of study determined by the Department of Labor to lead to a job in a labor demand occupation as defined in N.J.S.A. 34:1A-86. Tuition may be waived from one or more courses while earning the degree or professional certificate over a period of semesters. Tuition waivers will not be accepted in cohort-based graduate programs. Once a degree or professional certificate has been earned, future participation in the unemployment waiver program is prohibited. Should an individual earn a degree from the University under this program and wish to take additional courses or pursue a graduate degree, a degree-bearing professional certificate, or a second undergraduate degree, the individual will be financially responsible for tuition and appropriate fees.

PROOF OF ELIGIBILITY

Persons seeking to enroll under the job training program shall submit to the Bursar's Office:

- Documentation from the New Jersey Department of Labor One-Stop Career System verifying their past presence in the labor market for at least two years and their unemployed status or receipt of a layoff notice. Proof of eligibility shall be dated no earlier than 30 days prior to the University's course registration day for eligible individuals for the semester in which the job training course is taken.

ELIGIBILITY FOR FINANCIAL AID

- Each eligible individual seeking to enroll in credit courses under this program is responsible for filing a Free Application for Federal Student Aid (FAFSA) financial aid application and providing the University with all information necessary to determine possible financial aid eligibility. The application must be filed on or before the day of registration. If additional information is required, it must be provided within five (5) days of the request or the waiver will be denied. If an individual is ineligible for State or Federal financial aid due to a default on a student loan, enrollment in the tuition waiver program is prohibited.
- In determining eligibility for financial aid, the University shall first consider both State and Federal sources of aid including grants, scholarships and any other sources of financial aid (other than loans) available to the institution's general student population.
- When financial aid (other than loans) is not sufficient to pay the full amount of tuition and fees at the University, the student shall be entitled to have the remaining amount of tuition and fees waived by the University.

ELIGIBLE COURSEWORK

- All credit-bearing course offerings are eligible under this program (with the exception of cohort-based graduate programs as noted previously). However, a given course or program shall focus on an identifiable job skill or prerequisite skills for the specific job skill as indicated in the individual's Employability Development Plan approved by the One-Stop Career Center.
- Only those courses in which enrollment space is available on the first day of classes and tuition-paying students constitute the minimum number required for the course shall be open to eligible individuals under this program. Individuals are not eligible for permits in closed course sections or enrollment in an independent study. Students are not permitted to be "wait listed" for a course on the day of registration.
- The University is permitted to designate a separate registration period for eligible individuals seeking to enroll in the program after the registration period for tuition-paying students is complete.

The University has designated the first day of class each semester or summer sub-term for registration. If a student chooses to register earlier, they will forfeit the right to have their tuition charges waived under this program.

EMPLOYMENT DURING SEMESTER

- Any individual participating in this program who obtains employment subsequent to the commencement of the semester shall be permitted to complete the semester in progress as a participant in the program.

APPLICATION OF GENERAL INSTITUTIONAL RULES

- Students participating under this program shall be governed by those procedures and rules applicable to the University’s regularly-enrolled student population, including rules regarding academic progress and standards for the admission of students into specific degree programs at the undergraduate and graduate level.

FINANCIAL OBLIGATION OF ELIGIBLE STUDENTS

- There is a \$20 registration fee per academic term.
- Students are responsible for the cost of equipment, materials, textbooks and laboratory or equipment usage fees required for a specific course or program, as well as fees which are dedicated to self-sustaining funds, such as parking fines, other optional user fees and other fees as determined by the Bursar’s office.

REGISTRATION

- Students are required to meet with Stockton University staff prior to enrollment. Undergraduate students must meet with Academic Advising staff while graduate students must meet with the Office of Graduate Studies staff prior to the day of registration. These offices will review the student’s One-Stop Center’s Employability Development Plan to determine the relevant courses.
- A registration hold will be placed on the accounts of students using an unemployment waiver and released on the day designated for registration.
- Students may drop, not add, courses during the designated drop/add period for all students. Students may only change a course or course section through 11:59 p.m. on the day they register.

Policy VI-28: Policy Prohibiting Discrimination in the Workplace

Summary of Key Changes

The Policy has been updated as follows:

- Updated for consistency with the August 19, 2020 revisions to the New Jersey State Policy Prohibiting Discrimination in The Workplace.
- Identifies pregnancy as a stand-alone protected category.
- Clarifies that posts on social media whether made on a business or personal device are subject to the policy.
- Expands “extension of the workplace” to include social media posts that are made outside of the workplace.
- Includes sexual assault as a form of sexual harassment.
- Advises employees they have the right to file a criminal complaint if they believe they have been subjected to unwelcome sexual physical contact, as well as filing an EEO complaint.
- Clarifies that EEO investigations should be maintained as confidential records to the extent practicable.
- Updated confidentiality provision.
- Requires additional training for persons responsible for handling complaints involving discrimination and harassment.

I. POLICY

A. Protected Categories

Stockton University is committed to providing every University employee and prospective University employee with a work environment free from prohibited discrimination or harassment. Under this policy, forms of employment discrimination or harassment based upon the following protected categories are prohibited and will not be tolerated: race, creed, color, national origin, nationality, ancestry, age, sex/gender, pregnancy, marital status, civil union status, domestic partnership status, familial status, religion, affectional or sexual orientation, gender identity or expression, atypical hereditary cellular or blood trait, genetic information, liability for service in the Armed Forces of the United States, or disability.

To achieve the goal of maintaining a work environment free from discrimination and harassment, the University strictly prohibits the conduct that is described in this policy. This is a zero-tolerance policy. This means that the State and its agencies reserve the right to take either disciplinary action, if appropriate, or other corrective action, to address any unacceptable conduct that violates this policy, regardless of whether the conduct satisfies the legal definition of discrimination or harassment.

*This policy is a replica of the New Jersey State Policy Prohibiting Discrimination in the Workplace except that it includes a statement on Consensual Relationships.

B. Applicability

Prohibited discrimination/harassment undermines the integrity of the employment relationship, compromises equal employment opportunity, debilitates morale and interferes with work productivity. Thus, this policy applies to all employees and applicants for employment in State departments, commissions, State colleges or universities, agencies and authorities. Stockton University will not tolerate harassment or discrimination by anyone in the workplace including supervisors, co-workers, and employees of Gubernatorial Transition Offices or persons doing business with the University. This policy also applies to both conduct that occurs in the workplace and conduct that occurs at any location that can be reasonably regarded as an extension of the workplace (any field location, any off-site business-related social function, or any facility where University business is being conducted and discussed). This policy also applies to posts on any social media site and/or election device, personal or business that adversely affects the work environment defined by the State Policy.

This policy also applies to third party harassment. Third party harassment is unwelcome behavior involving any of the protected categories referred to in (A) above that is not directed at an individual but exists in the workplace and interferes with an individual's ability to do their job. Third-party harassment based upon any of the aforementioned protected categories is prohibited by this policy.

II. PROHIBITED CONDUCT

A. Defined

It is a violation of this policy to engage in any employment practice or procedure that treats an individual less favorably based upon any of the protected categories referred to in I(A) above. This policy pertains to all employment practices such as recruitment, selection, hiring, training, promotion, transfer, assignment, layoff, return from layoff, termination, demotion, discipline, compensation, fringe benefits, working conditions and career development.

It is also a violation of this policy to use derogatory or demeaning references regarding a person's race, gender, age, religion, disability, affectional or sexual orientation, ethnic background, or any other protected category set forth in I(A) above: A violation of this policy can occur even if there was no intent on the part of an individual to harass or demean another.

Examples of behaviors that may constitute a violation of this policy include, but are not limited to:

- Discriminating against an individual with regard to terms and conditions of employment because of being in one or more of the protected categories referred to in I(A) above;
- Treating an individual differently because of the individual's race, color, national origin or other protected category, or because an individual has the physical, cultural, or linguistic characteristics of a

- racial, religious, or other protected category;
- Treating an individual differently because of marriage to, civil union to, domestic partnership with, or association with persons of a racial, religious or other protected category; or due to the individual's membership in or association with an organization identified with the interests of a certain racial, religious or other protected category; or because an individual's name, domestic partner's name, or spouse's name is associated with a certain racial, religious or other protected category;
 - Calling an individual by an unwanted nickname that refers to one or more of the above protected categories, or telling jokes pertaining to one or more protected categories;
 - Using derogatory references with regard to any of the protected categories in any communication;
 - Engaging in threatening, intimidating, or hostile acts toward another individual in the workplace because that individual belongs to, or is associated with, any of the protected categories; or
 - Displaying or distributing material (including electronic communications) in the workplace that contains derogatory or demeaning language or images pertaining to any of the protected categories.

B. Sexual Harassment

It is a violation of this policy to engage in sexual (or gender-based) harassment of any kind, including hostile work environment harassment, quid pro quo harassment, or same-sex harassment. For the purposes of this policy, sexual harassment is defined, as in the Equal Employment Opportunity Commission Guidelines, as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when, for example:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Examples of prohibited behaviors that may constitute sexual harassment and are therefore a violation of this policy include, but are not limited to:

- Generalized gender-based remarks and comments;
- Unwanted physical contact such as intentional touching, grabbing, pinching, brushing against another's body or impeding or blocking movement;
- Sexual physical contact that involves any form of coercion, force,

or lack of consent, such as sexual assault;

- Verbal, written or electronic sexually suggestive or obscene comments, jokes or propositions including letters, notes, e-mail, text messages, invitations, gestures or inappropriate comments about a person's appearance;
- Visual contact, such as leering or staring at another's body; gesturing; displaying sexually suggestive objects, cartoons, posters, magazines or pictures of scantily-clad individuals; or displaying sexually suggestive material on a publicly-accessed platform, e.g., bulletin board, locker room wall, screen saver;
- Explicit or implicit suggestions of sex by a supervisor or manager in return for a favorable employment action such as hiring, compensation, promotion, or retention;
- Suggesting or implying that failure to accept a request for a date or sex would result in an adverse employment consequence with respect to any employment practice such as performance evaluation or promotional opportunity; or
- Continuing to engage in certain behaviors of a sexual nature after an objection has been raised by the target of such inappropriate behavior.

III. CONSENSUAL RELATIONSHIPS

Because the relationship between supervisor/supervisee is central to the working relationship, it is essential to establish that a standard of expected conduct in that relationship goes beyond the proscription against sexual harassment. With respect to sexual relations in particular, what might appear to be consensual, even to the parties involved, may in fact not be so. On this basis, any sexual relations between supervisor and a subordinate of that supervisor are inappropriate. Any person in a supervisory capacity or a position of authority enters at their peril into sexual relations with a subordinate.

IV. EMPLOYEE RESPONSIBILITIES

Any employee who believes that they have been subjected to any form of prohibited discrimination/harassment, or who witnesses others being subjected to such discrimination/harassment, is encouraged to promptly report the incident(s) to a supervisor or directly to the University's Chief Officer for EEO and Compliance or to any other persons designated by the University to receive workplace discrimination complaints. A person who wishes to take action about prohibited sexual physical contact can file a criminal complaint with the Stockton Police Department or with law enforcement of the municipality where the incident occurred. That person can also make a criminal report and a report to their supervisor/manager and/or Equal Employment Opportunity/Affirmative Action (EEO/AA) Officer; one does not have to choose one or the other.

All employees are expected to cooperate with investigations undertaken pursuant to VII below. Failure to cooperate in an investigation may result in administrative and/or disciplinary action, up to and including termination of

employment.

V. SUPERVISOR RESPONSIBILITIES

Supervisors shall make every effort to maintain a work environment that is free from any form of prohibited discrimination/harassment. Supervisors shall immediately refer allegations of prohibited discrimination/harassment to the University's Chief Officer for EEO and Compliance, or any other individual designated by the University to receive complaints of workplace discrimination/harassment. A supervisor's failure to comply with these requirements may result in administrative and/or disciplinary action, up to and including termination of employment. For purposes of this section, and in the State of New Jersey Model Procedures for Processing Internal Complaints Alleging Discrimination in the Workplace ("Model Procedures", N.J.A.C. 4A:7-3.2), a supervisor is defined broadly to include any manager or other individual who has authority to control the work environment of any other staff member (for example, a project leader) as defined in N.J.A.C. 4A:7-3.1(e).

VI. DISSEMINATION

The University shall annually distribute the policy described in this section, or a summarized notice of it, to all its employees, including part-time and seasonal employees. The policy, or summarized notice of it, shall also be posted in conspicuous locations throughout the buildings and grounds of the University (that is, on bulletin boards or in the University's intranet site). The Department of the Treasury shall distribute the policy to Statewide vendors/contractors, whereas the University shall distribute the policy to vendors/contractors with whom the University has a direct relationship.

VII. COMPLAINT PROCESS

The University shall follow the Model Procedures with regard to reporting, investigating, and where appropriate, remediating claims of discrimination/harassment. See N.J.A.C. 4A:7-3.2. The University is responsible for designating an individual or individuals to receive complaints of discrimination/harassment, investigating such complaints, and recommending appropriate remediation of such complaints. In addition to the Chief Officer for EEO and Compliance, the University shall designate an alternate person to receive claims of discrimination/harassment.

All investigations of discrimination/harassment claims shall be conducted in a way that respects, to the extent possible, the privacy of all the persons involved. The investigations shall be conducted in a prompt, thorough and impartial manner. The results of the investigation shall be forwarded to the University President to make a final decision as to whether a violation of the policy has been substantiated.

Where a violation of this policy is found to have occurred, the University shall take prompt and appropriate remedial action to stop the behavior and deter its reoccurrence. The University shall also have the authority to take prompt and appropriate remedial action, such as moving two employees apart, before a final determination has been made regarding whether a violation of this policy has occurred.

The remedial action taken may include counseling, training, intervention, mediation, and/or the initiation of disciplinary action up to and including termination of employment.

The University shall maintain a written record of the discrimination/harassment complaints received. Written records consisting of the investigative report and any attachments, including witness statements, shall be maintained as confidential records to the extent practicable and appropriate and will maintain so indefinitely.

VIII. PROHIBITION AGAINST RETALIATION

Retaliation against any employee who alleges that they were the victim of discrimination/harassment, provides information in the course of an investigation into claims of discrimination/harassment in the workplace, or opposes a discriminatory practice, is prohibited by this policy. No employee bringing a complaint, providing information for an investigation, or testifying in any proceeding under this policy shall be subjected to adverse employment consequences based upon such involvement or be the subject of other retaliation.

Following are examples of prohibited actions taken against an employee because the employee has engaged in activity protected by this subsection:

- Termination of an employee;
- Failing to promote an employee;
- Altering an employee's work assignment for reasons other than legitimate business reasons;
- Imposing or threatening to impose disciplinary action on an employee for reasons other than legitimate business reasons; or
- Ostracizing an employee (for example, excluding an employee from an activity or privilege offered or provided to all other employees).

IX. FALSE ACCUSATIONS AND INFORMATION

The burden is on the complainant to articulate a sufficient nexus between the alleged conduct and a protected category pursuant to the State Policy. An employee who knowingly makes a false accusation of prohibited discrimination/harassment or knowingly provides false information in the course of an investigation of a complaint, may be subjected to administrative and/or disciplinary action, up to and including termination of employment. Complaints made in good faith, however, even if found to be unsubstantiated, shall not be considered a false accusation.

X. CONFIDENTIALITY

All complaints and investigations shall be handled, to the extent possible, in a manner that will protect the privacy interests of those involved. To the extent practical and appropriate under the circumstances, confidentiality shall be maintained throughout the investigatory process. In the course of an investigation, it may be necessary to discuss the claims with the person(s) against whom the complaint was filed and other persons who may have

relevant knowledge or who have a legitimate need to know about the matter. All persons interviewed, including witnesses, shall be directed not to discuss any aspect of the investigation with others in light of the important privacy interests of all concerned. Failure to comply with this confidentiality directive may result in administrative and/or disciplinary action, up to and including termination of employment. In order to protect the integrity of the investigation, minimize the risk of retaliation against the individuals participating in the investigative process, and protect the important privacy interests of all concerned, the EEO/AA Officer/Investigator shall request that all persons interviewed, including witnesses, not discuss any aspect of the investigation with others, unless there is a legitimate business reason to disclose such information.

XI. ADMINISTRATIVE AND/OR DISCIPLINARY ACTION

Any employee found to have violated any portion or portions of this policy may be subject to appropriate administrative and/or disciplinary action which may include, but which shall not be limited to: referral for training, referral for counseling, written or verbal reprimand, suspension, reassignment, demotion or termination of employment. Referral to another appropriate authority for review for violation of State and Federal statutes may also be appropriate.

XII. TRAINING

The University shall provide all new employees with training on the policy and procedures set forth in this section within a reasonable period of time after each new employee's appointment date. Refresher training shall be provided to all employees, including supervisors, within a reasonable period of time. The University shall also provide supervisors with training on a regular basis regarding their obligations and duties under the policy and regarding procedures set forth in this section.

State employees responsible for managing and investigating complaints of harassment or discrimination, in consultation with the Division of EEO/AA and another organization with expertise in response to and prevention of sexual violence, such as the Department of Law and Public Safety and the New Jersey Coalition Against Sexual Assault, shall receive additional training. Each State employee who receives such additional training shall complete a refresher course every three years.
