Hanson. He indicated that it was a fantastic event and quoted attendee Chris Paladin who remarked at the event, “Stockton was the first university in the history of higher education to have a combined doctoral degree conferral ceremony coupled with a Topping Off event.” President Kesselman emphasized how those who may find the beam 100 years from now will be curious to know who signed it in 2022.

This bid waiver increase will enable the Office of Facilities Planning and Construction to upgrade thirty additional fume hood control systems in the Unified Science Center I (“USC I”). The current fume hood controls are outdated, leading to insufficient face velocities. The speed at which the air is drawn into a fume hood is critical for safe and effective operation. If the speed is too high or too low it can compromise the performance of the fume hood, leaving those near the hood in danger. Accuspec will provide and install a control board upgrade, remove and replace the current fume hood monitor and sensors, install new sensors compatible with the upgraded control system, provide wiring services, and configure and test each fume hood control system for proper operation. Accuspec installed the original equipment and is familiar with the system and how the air circulates through the building and has already upgraded forty-two fume hoods control systems in USC I. The Policy has been updated as follows:

- Updated wording
- Added comp time approval, and eligibility criteria for NL employees
Legal holidays observed by the State of New Jersey may be found on the Office of Human Resources website. If a State holiday falls on a Sunday, the holiday will be observed on the following Monday. If the State holiday falls on a Saturday, the holiday will be observed on the preceding Friday.

This Policy and its requirements are promulgated in accordance with the requirements of the Drug-Free Workplace Act of 1988 enacted by the United States Congress, as adopted by the State of New Jersey by Executive Order #204 (Kean). Violation of this Policy may result in the imposition of employment discipline, progressive discipline, up to and including termination. In addition, at the discretion of the University, any employee convicted of a drug or alcohol offense involving the workplace shall be subject to employee discipline, progressive discipline, and/or required to satisfactorily complete a drug/alcohol rehabilitation program as a condition of continued employment. N.J.S.A. 2C:51-2 requires forfeiture of public office or employment upon conviction of a crime of the third degree or above.

Employees must notify their supervisor if they are convicted of a criminal drug/alcohol offense within two days of the conviction. In the event any such conviction involves an employee working on a Federal contract or grant, the University will notify the granting or contracting Federal agency within ten days of receiving notice of a conviction.

Employees should not engage in any drug or alcohol-related conduct while off duty that may affect their work performance. No employee shall be under the influence of alcohol or any substance that may impair their ability to perform their duties or may present a safety risk to themselves or others at any time when engaged in their employment. An employee is a representative of the University and should act accordingly.
The illegal use of controlled substances and/or alcohol can seriously injure the health of employees; adversely impair the performance of their responsibilities; and endanger the safety and wellbeing of fellow employees, students, and members of the general public. Therefore, the University strongly urges employees engaged in the illegal use of controlled substances/alcohol to seek professional advice and treatment. Anyone who is employed at Stockton University who has a drug/alcohol problem is encouraged to contact the Office of Human Resources for information about available assistance. Faculty and staff can also contact the University Employee Assistance Program listed on the Office of Human Resources website.

Policy VI-13.2: Employee Disciplinary Guidelines

Summary of Key Changes

The Policy has been updated as follows:

- Updated Policy Administrator’s title
- Added language regarding corrective action and conduct unbecoming
- Added authority provision
# Employee Disciplinary Guidelines

**Policy Administrator:** Associate Vice President for Human Resources  
**Authority:** N.J.S.A. 18A:3B-6, N.J.A.C. 4A:2-2.3(a)6  
**Effective Date:** December 30, 2008; May 30, 2009; August 10, 2010; February 16, 2011; September 26, 2018; TBD  
**Index Cross-References:** Procedure 6140 Disciplinary Guidelines for Supervisors, Procedure 6220 Disciplinary Matters  
**Policy File Number:** VI-13.2  
**Approved By:** Board of Trustees

It is the policy of the University that when an employee repeatedly fails to meet written performance expectations of which the employee has been given notice, or demonstrates inappropriate conduct or behavior, the supervisor shall document the behavior, take corrective action, and report the conduct or behavior as mandated by other University requirements, policies, or procedures. Disciplinary action can be issued for conduct that is contrary to, or in violation of, federal or State laws or regulations or University policies or procedures. Discipline can also be issued for any behavior that is inconsistent with the University’s Mission, Vision or Values. All University employees can be disciplined for conduct that violates University policies and procedures and/or State or federal law, regardless of whether it occurs in the workplace or outside of the work environment, including any social media platform. All University employees must refrain from engaging in conduct that adversely impacts public trust and confidence in the University, or otherwise portrays the University in a negative light.

The purpose of any disciplinary action is corrective, not punitive. The imposition of disciplinary action should be timely, appropriate, and directly related to the seriousness of the infraction committed by the employee. Once an infraction is identified, the supervisor and/or manager, in consultation with the Office of Human Resources, will identify and impose the appropriate corrective action(s). The University follows the concept of Progressive Discipline based on the nature of the violation and the severity of the conduct or behavior and takes into consideration any prior relevant disciplinary history. University policies, procedures, or practices may warrant the imposition of a more severe sanction, up to and including termination. In addition, there may be instances where the first infraction involves serious misconduct, performance problems, and violation of laws, and in those instances progressive discipline may not be appropriate.

Illegal behavior generally is not eligible for progressive discipline and may result in immediate termination and referral to law enforcement authorities.
Managers and Temporary Employment Services (TES) employees are at-will employees and as such, progressive discipline may not be applicable in every instance.
