

# QUICK TIPS

## TEACHING WITH ZOOM

### VIDEO CONFERENCE TIPS

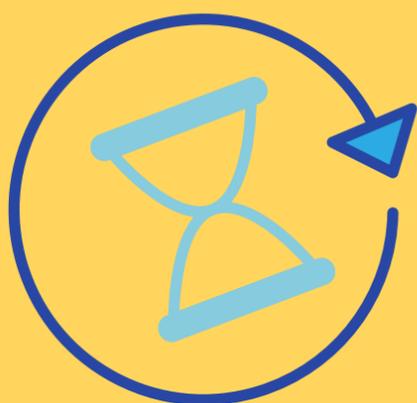

#### CHUNK

Break a 60-minute lecture into six 10-minute segments to help students focus and learn better.

#### SEGMENT

#### ACTIVE LEARNING

#### PACE

Alternate between lecture (talking) and activities to promote student attention and learning.

#### GROUP

Use Zoom breakout rooms to group 5-7 students for a lively discussion. In the main Zoom room, groups may share a brief discussion summary with the entire class.

#### DISCUSS

#### USE GRAPHICS

#### VISUALS

Zoom conferencing is visual. Although faces are interesting, consider screen sharing PowerPoints, videos and images to capture student attention. Avoid too much text.
