Student Testimonials

"I am honored to be a Foundation scholarship recipient. Upon completing my degree in dance and pre-physical therapy, I plan to become a Doctor of Physical Therapy. I appreciate the support in aiding myself and others for our hard work and dedication throughout our university years."

– Brooke Butler '24

"As a scholarship recipient, it has meant so much during a time of uncertainty to receive critical financial support for my academic studies. Stockton remains a unique academic environment with a true dedication to providing superior academic curriculum to those with financial needs. Foundation scholarship support furthers this goal and gives every student, regardless of their economic status, an ability to blossom as a student and community member."

– George Quinn '22

"When I reflect upon my enriching experiences this past year as a Stockton Communication Studies student and a student leader, I think about the donors who made my scholarship possible and their generous contributions to my journey. Thank you to the Foundation Board of Directors and donors for your incredible support as I continue to pursue my passions and dreams!"

– Lauren Simon '22
