

STROKE AND APHASIA...THERE'S HOPE!

NEW

Adler Aphasia Center and Stockton University **APHASIA COMMUNICATION GROUP**

Hammonton, NJ

This **free** Aphasia Communication Group will:

- Help you cope with the challenges of living with aphasia
- Give you practice with speaking
- Show you alternative communication strategies
- Introduce you to others with aphasia

Dates: 2nd and 4th Fridays each month. *You must register and may join this group at any time.*

Time: 10:00 a.m. – 12:00 p.m.

Location: Stockton University, Hammonton, NJ

Facilitator: JoAnn Sabo, M.A., CCC-SLP

For more information, directions and to pre-register, contact: Wendy Greenspan at 973.530.3981 or email at wgreenspan@adleraphasiacenter.org. Directions also available at: <http://www.stockton.edu/hammonton>

Additional groups are available in Bridgewater, Maywood, Morristown, Scotch Plains, Toms River and Union (for Spanish speakers only).

a•pha•sia (uh-fay'-zhuh) n. A language disorder that impairs the expression and understanding of spoken language, reading, and writing. It occurs most often from a stroke or brain injury. This frustrating condition affects a person's ability to communicate, but does not affect his or her intellect.
