Fossil, the dinosaur detective, mixes fun and facts in this colossal show inspired by everyone's favorite prehistoric creatures. Among the dinosaurs featured are a Tyrannosaurus, Brachiosaurus and Apatosaurus. Mozart, Beethoven, Mahler, Stravinsky and Prokofiev provide the rich musical score. Best of all, watch Jim as he builds a giant Tyrannosaurus Rex!

Jim West combines classical music and puppet construction and facts about dinosaurs into an engaging and funny performance for children ages 4 to 12.

For our patrons with special needs, the Stockton Performing Arts Center offers wheelchair accessible seating, large type programs, and listening assistive devices. Please identify any needs you may have when making a reservation.
