SERVING WITHOUT BIAS

Serving Without Bias

- We all have unconscious biases!
- **Implicit bias** - unconscious attitudes that influence behavior (may even be contrary to our conscious attitudes)
 - Implicit bias can be based on stereotypes that we acquire unconsciously throughout our lives
 - Recognize the stereotype, counter it with examples that disprove the stereotype, engage in individuation and perspective taking
- Must avoid pre-judging facts and parties based on their status as complainant or respondent, gender, or other status
- No conflict or bias as to specific parties or witnesses
- Avoid generalizations and be objective

Conflicts of Interest

- Arise when a member of the University community uses or has the authority to use, their position to improperly influence a decision, action, or outcome
- Responsibility of all Stockton community members to identify and disclose potential or actual conflicts as they arise to the Title IX Coordinator
- In the event any individual with a responsibility under the SMP is a witness or has a conflict of interest that would compromise that individual's objectivity, the University will appoint a designee

THE HEARING

Pre-hearing Steps

Notice of hearing and charges and pre-hearing meeting

- 10 business days prior to hearing, Parties are provided:
 - Investigation report and evidence (written response permitted)
 - Notice of charges
 - Date, time and location of hearing, names of decision-makers
- Pre-hearing meeting will review of hearing process with party and advisor, answer questions, explain notice of charges and potential sanctions
- Respondent will be asked to enter a plea as to each charged violation

The Hearing (1/7)

Title IX requires that a live hearing be held

- Facilitated by external Hearing Officer who is not the Title IX Coordinator or the investigator
- May be conducted in person or virtually
- Participants must be able to simultaneously see and hear each other
- Hearing officer manages the hearing and ensures questioning is relevant, respectful and non-abusive
- Hearing will be recorded

The Hearing (2/7)

An opportunity for:

- Parties to address decision-makers in person
- Parties to give an opening and closing statement
- Parties to question the other party and/or witnesses via an advisor through cross-examination
- Decision-makers to obtain information following the investigation that is necessary to make a determination of whether a sexual misconduct violation occurred and the appropriate sanctions, if any

Not an opportunity to restate all evidence in the investigation report

The Hearing (3/7)

Due process in an administrative context

- Hearing procedures are administrative in nature and are not considered legal proceedings, but procedures designed to address policy violations
- Rules of evidence do not apply
- Respondent presumed not responsible
- Stockton – NOT the Parties – bears burden of proof to establish that a respondent, more likely than not, is responsible for the alleged violation
- Allegations of Campus Conduct Code violations involving discrimination / harm to another are adjudicated using the **preponderance of the evidence** standard
- Advisors are required and will be appointed if party does not choose one

The Hearing (4/7)

The hearing is closed to the public and confidential

- Only parties, advisors, hearing officer, sanctions decision-maker, support persons, and select University administrators may attend
- Hearing Officer has discretion to determine admission to hearing room and has authority to discharge or to remove any person whose presence is deemed unnecessary or obstructive to the proceedings
 - If advisor is removed due to obstructive or disrespectful behavior, the hearing cannot continue until a new advisor for the party is selected or appointed
- Witnesses are called into the hearing individually then excused

The Hearing (5/7)

Level of participation at the hearing depends on the role of the individual

- Parties are not required to attend
- If witness or party does not attend, decision-makers may consider statements made during investigation
 - Hearing officer cannot draw an inference of responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer questions
- Role of support person is limited to conferring with party
- Role of advisor includes conferring with party and questioning witnesses, but generally the advisor does not speak, defend or present information or evidence on behalf of the party

The Hearing (6/7)

Cross-examination is conducted by advisors

- Hearing officer will permit each party's advisor to ask the other party and any witnesses relevant questions and follow-up questions, including those challenging credibility
- Questioning will be conducted directly, orally and in real time by the party's advisor and never by the party directly
- Questions must be relevant as determined by the Hearing Officer
 - Hearing officer determines whether questions are relevant before an answer is given and explains any decision to exclude a question that is not relevant

The Hearing (7/7)

Evidence collected during investigation is available to the parties

- Parties are entitled to review evidence obtained as part of the investigation that is directly related to the allegations that is not privileged or otherwise protected, including evidence upon which the University does not intend to rely
- Includes inculpatory and exculpatory evidence
- Directly related evidence shared with parties will be made available to the parties at the hearing
- Directly related evidence is not necessarily relevant evidence that is summarized in the investigation report

What is Relevant?

Relevant evidence or information is that which tends to make an alleged fact more or less likely to be true

- Regulations preamble: “relevant” is to be determined by common sense
- Examples include:
 - Documents such as texts, social media posts, pictures, videos
 - Witness observations of the parties before, during and/or after the incident
 - Source and timing of witness’s knowledge of facts
 - Statements by parties to witnesses

What is Not Relevant?

Certain categories of information are not relevant per the regulations

- Complainant's sexual predisposition or prior sexual behavior, unless the information is offered to:
 - ❑ Show someone other than Respondent committed the alleged conduct; or
