External Funding Opportunities

FY2016 to FY2017 National Oceanic and Atmospheric Administration (NOAA), Department of Commerce - Broad Agency Announcement (BAA)

Seeking proposals for research, education and outreach, innovative projects, or sponsorships that are not addressed through NOAA's competitive discretionary programs. Proposals must address one or more of the following four mission goals described in the NOAA Strategic Plan: Climate Adaption and Mitigation; Weather-Ready Nation; Healthy Oceans; and Resilient Coastal Communities and Economies.

Applications are accepted on a rolling basis until September 30, 2017. Awards will generally support projects lasting up to one year.

Contact Ericka Rosier, 301/683-3512 or Email: ericka.rosier@noaa.gov or visit grants.gov

National Science Foundation (NSF) - STE

Inviting creative and innovative proposals that address emerging challenges in the learning and teaching of STEM and computing. The program offers proposers two tracks: Integration of Computing in STEM Education, and Computing Education Knowledge and Capacity Building.

Proposals are due March 28, 2016. Approximately $2.5 million is available to support 37 awards.

Contact Arlene M. de Strulle, 703/292-8620. Email: adestrul@nsf.gov or visit Grants.gov, Solicitation

April Fools Day Join Us for the
16th Annual
Day of Scholarship

This year's April 1st, 2016 event promises dynamic oral and poster presentations along with a new format that is sure to engage the entire Stockton academic community!

Mark the date on your syllabus! Faculty and Staff are encouraged to attend sessions to support colleagues and share in the scholarly interests of the University. The event is also an excellent opportunity for student learning.

Additional information is available on the Office of Research and Sponsored Programs website. Applications are due February 15, 2016.

Todd Regn Appointed Institutional Official (IO)

Effective immediately Todd Regn, Executive Director of the Office of Research and Sponsored Programs, will also be charged to maintain strong and effective compliance programs specifically responsible for:

- Care and use of vertebrate animals as specified by the U.S. Public Health Service Policy on Humane Care and Use of Laboratory Animals
- Protection of human research subjects as specified in Stockton's U.S. Department of Health & Human Services Federal-wide Assurance for the Protection of Human Subjects in Research
- Institutional Biosafety
- Radiation Safety
- Financial conflict of interest in research

Congratulations Internal Award Recipients!

Congratulations is extended to the FY17 Sabbatical recipients. We look forward to hearing the outcomes of your projects.

Wondi Geremew, GENS	Robert Nichols, ARHU
Marion Hussong, ARHU	Yitzhak Sharon, NAMS
Rodger Jackson, ARHU	Judith Vogel, NAMS
Jedidiah Morfit, ARHU	Ai Zhang, ARHU
Christina Morus, ARHU	George Zimmermann, NAMS

Principal Investigator Responsibility in Funding

The person ultimately responsible for managing the timely implementation and completion of a specific project is the Principal Investigator/Project Director. Principal investigators must ensure compliance with sponsor regulations for project costs incurred, patents, or licensing and reporting requirements, as appropriate.
