¹Chose either SUST 2800 or 3800, not both. SUST 3313 **OR** BIOL 3504 may not be counted as electives if already taken as a core course. If SUST 3440 is taken, the lab must be taken as well.

Select courses to achieve 80 credits from NAMS or POLS. Additional POLS courses may be allowed in ASD.

Additionally, General Studies (e.g. G-course distribution, W, Q and AHVI) and ASD course requirements need to be fulfilled. W, Q and AHVI attributes can be fulfilled via G-course requirements, program/cognate requirements or taken as ASD credits. In addition, check the Stockton's Degree Requirements section in this *Bulletin*.

Please refer to the program [website](#) for information about requirements, prerequisites, further details about the curriculum, and curriculum updates.

Students should consult with their preceptor and/or the [Center for Academic Advising](#) on a regular basis to ensure that all graduation requirements have been met.
