### **Approval of Minutes**

Maribeth called the meeting to order at 4:30 pm and moved to approve the minutes from March 18, 2014, seconded by Jessica.

Motion Passed: 22-0-01\*

\*Senators Abstained: Maribeth Capelli

## **President's Report**

I am saddened to announce the passing away of one of our most involved students, Henry Lee. He was involved in Asian Student Alliance, Peer Educators, The Argo, and also participated in the planning of the diversity event at the end of Multicultural Month last semester. The Wellness Center staff has made themselves readily available for any grieving students. An on-campus vigil will be planned with the approval of his parents.

Last week Student Senate received the news that the next year's Executive Cabinet will be receiving compensation. The President will receive \$5,000, Vice President will receive \$3,000, and the committee chairs will receive \$1,200. The amount will be awarded as a partial check at the end of each semester. The compensation will come out of the Student Activity Fee. Previously, the Student Senate requested that the administration consider awarding senators with some form of compensation. Research had shown that the Richard Stockton College of New Jersey was the only state college to not compensate their senators in one form or another. Although the Student Senate requested that the administration consider compensation, we did not propose any specific type, amount, or level of compensation. We are thankful that the administration sees our hard work as deserving of compensation.

Student Senate has made nominations for next year's Student Senate President and Vice President. Only the candidates who meet the GPA requirement, senate experience requirement, and receive the top three most nominations are eligible to run for office. For the first time, the student body will be able to vote for the nominated candidates on April 14<sup>th</sup> and 15<sup>th</sup>. If you are a student who plans on voting, please make sure you attend the Presidential Speeches on Thursday, April 10<sup>th</sup> at 8pm in Alton Auditorium. There will be an opportunity to ask candidates questions.

## **Vice President's Report**

Let me thank Stockton, on behalf of those of us who were invited to the luncheon with Justice O'Connor last week, for giving us this amazing opportunity. Shaking hands with—indeed, just being in the same room as—Justice O'Connor was an almost overwhelming experience.

On the administrative side of things, there are a few Senate-related events that should be discussed. First, with the semester winding down, we have seen three senators resign and one impeached. Senate has chosen not to fill these seats due to an unusual situation: Since all alternates from the last election cycle have already either taken spots on Senate or chosen not to, we are out of options and would have to appoint and vote on new senators; however, considering that there are so few weeks remaining in the term, and considering that we would need to do this at our next full meeting, it seems that the benefits do not outweigh the situation.

Along these lines, we need to ask senators to be very conscious of meetings, as if too many are missing, we draw dangerously close to missing the quorum.

Have a good week, everyone.

## **Student Welfare Committee**

Maribeth yields the floor to Carl to report for the Student Welfare Committee. Carl provides updates on the five Pepsi machines on campus that were working improperly. He states that two of those machines were broken due to card reading issues and the other three due to hardware issues. Those machines are being replaced and will be activated shortly. A student brought up a concern regarding the privacy issues in Housing 1, which will be addressed in a meeting on Friday. Lastly, Carl reports that him and Jess will be meeting with Jeanne Lewis, Director of Financial Aid, on Wednesday March 19<sup>th</sup> at 2:30 pm in order to discuss the logistics of the Financial Literacy Event. Carl yields the floor back to Maribeth.

## **Legislative Policies and Government Affairs Committee**

Maribeth yields the floor to Jessica to report for the Legislative Policies and Government Affairs Committee. Jessica yields the floor to Angelo to provide updates on his progress with the Office of Service Learning in regards to the usage of the NY Times on campus. Angelo is pleased to announce the success of the survey that was sent out, which resulted in over 400 student responses. He encourages students to continue to provide comments on this service in order to enhance its effectiveness. Angelo yields the floor back to Jessica.

Jessica yields the floor to Maryam to report on the Higher Education Week Events. She is currently working on finalizing details in regards to this event and will disperse flyers shortly. On Monday March 31<sup>st</sup>, Tom will be working on the Scholarship Awareness Workshop. Tuesday, April 1<sup>st</sup> will feature a presentation from Dr. Santana who will discuss his work in career opportunities and higher education. Students are encouraged to attend President Saatcamp's State of the College Address being held on Wednesday, April 2<sup>nd</sup> in the Event Room at 5:00 pm. And last, Maryam will be working directly with the Student Welfare Committee in arranging the Financial Literacy Workshop, being held on Thursday, April 3<sup>rd</sup>. Maryam yields the floor back to Jessica.

Jessica provides some last minute updates such as Tom's success in comprising his survey for the Scholarship Awareness Workshop. The committee will be meeting with the financial aid office in regards to information about student scholarships on campus. Jessica and Carl will also be meeting with financial aid in order to straighten out last minute details with the Financial Aid Workshop being held during Higher Education Week. Daniel Douglas has reached out to Maribeth and Jessica and has invited senators who are interested to attend the Annual Legislator-in-Residence Luncheon. The luncheon will be held on April 1<sup>st</sup> at 12:00 pm and is available to 8-10 senators on a first-come, first-serve basis. Jessica yields the floor back to Maribeth.

## **Public Relations Committee**

Maritbeth yields the floor to Michelle to report for the Public Relations Committee. The committee is currently working on establishing the election process, which will take place on April 14<sup>th</sup> and April 15<sup>th</sup>. Three interest meetings will be held next week for students interested

in becoming a senator. Students will have an opportunity at these meetings to pick up a petition and talk to current senators about past achievements, current goals, and senate structure.

**There is a motion on the floor to re-allow electronic voting for students and to eliminate the implementation of a designated voting building and designated campaign building. Motion seconded by Eddie.** Michelle, the Public Relations Committee, and most of the Student Senate have decided that they would like to go back to using the traditional voting procedure for elections. Last semester, the senate had voted to exclude online voting in order to avoid biased campaigning as well as implementing two separate buildings designated to voting and campaigning. After discussion, the Senate has decided that this would consequently limit the voting population and exclude a high number of students from an opportunity to vote.

Motion Passed: 22-0-01\*

Pepsi found five machines still having Credit Card issues. Two machines were fixed, which include West Quad Hall and Kerria Hall Building 122. The other three machines, located in K-Wing, I-Wing, and G-Wing had Hardware issues. These hardware modules are being replaced and should be activated soon.

A student had a concern in regards to the partial speed bump across from Big Blue. Carl contacted Don Woolslayer, who said that it would be replaced later in the semester.

The Student Welfare Committee is currently reviewing the consistency of the shuttle route on campus. Please make sure you fill out the form to let us know if the current timing, route, and courtesy of the shuttle service is adequate. Your participation is greatly appreciated!

Murphy was not able to meet with RHA but discussed the meeting with the Liaison, Jenny Price.

Murphy met with members from the Stockton Coalition of Civic Engagement as well as some administrators to discuss gender-neutral restrooms and adding a gender-inclusive option for freshman housing. A number of questions arose, some of which came to solutions while others remained complicated. There is more research to be done by both Murphy and members of the Coalition for Civic Engagement, but the initial steps are being taken to make Stockton more comfortable for trans\* students.

A student was concerned with the quality in Housing One in regards to the level of noise coming from other surrounding apartments, spacing, and cleanliness. A meeting was held with this student, Murphy, and Denise O'Neill to discuss the issues. Most of the concerns were addressed, but some of these problems cannot yet be resolved until the summer, when renovations will be made to improve Housing One.

Unfortunately, Maurice was terminated due to his absences, so Cristian and Alison will each be taking on a new contact person.

Cristian will now be in contact with Joe Loefflad, Director of Telecommunications, to address any student concerns regarding Wi-Fi accessibility.

Alison will now be in contact with Don Woolslayer, Director of Plant Management, to address any student concerns regarding facilities.

The Student Welfare Committee heard that a cap was made to the student worker hourly rate at \$8.25 (minimum wage). We hope to find out why this cap was made and will move forward and update the student body once the information regarding this new policy is available.

Cristian checked up on Big Blue and I-Wing and so far no issues have been brought up, although Lonnie Folks does want to let us know that they are aware that some of our equipment is currently out of order. They are in the process of getting repairs scheduled and ask for students' patience.

Maryam went over the timeline for her Higher Education Program, set to kick off this week and we are certainly excited for that series of events to take place.

Tom went over the details of his Scholarship Awareness Workshop, which will be held on Monday. He is eager to show students how helpful the financial aid website can be and how informational its pages are.

Angelo has a meeting scheduled for Wednesday with the Office of Service Learning to discuss the future of the New York Times here at the college.

Jessica met with the Office of Student Rights and Responsibilities to discuss the possibility of making the consequences for a code violation available to students. While they declined the request, for valid reason, Jason and Mik both encourage students to

utilize them as a resource, should they ever feel the need. They are more than willing to meet with students to discuss what the procedure is once a code violation occurs. After meeting with them I highly encourage next year's senate to include this office, and more specifically these two individuals, in their summer training. It is imperative students are aware of their rights and what the standard process is if a code violation ever occurs.
