Galloway Township, NJ- The Richard Stockton College of New Jersey has announced that Dr. Brenda Stevenson Marshall will join the Stockton community as the Founding Dean of Health Sciences effective July 1, 2009.

Dr. Marshall earned her PhD in Health Services Organization and Policy from the University of Michigan. She is a nationally recognized expert in public health policy and brings to this position more than twenty years of scholarly research and academic leadership.

Dr. Marshall is currently serving as Associate Dean in the College of Health Sciences at Old Dominion University, where she previously held the post of Assistant Dean. During her academic career, Dr. Marshall has been widely published and has frequently been invited to present on topics pertaining to health policy and health care approaches. In addition, she has secured both private and public funding support for many healthcare and education projects, totaling in excess of one million dollars raised throughout her career.
