Friday, September 14, 2018
3:30 - 4:30, F-221
- **R&PD Main Round Information Session:**
(Application Deadline 2.28.19)
Friday, January 25, 2019
3:30 - 4:30, F-221

Scholarly and Professional Activity Book 2017-2018

The FY18 Scholarly and Professional Activity Book is now available on the Office of Research and Sponsored Programs' website. A printed copy will also be delivered to the Dean of each school.

Thank you to all of the faculty and staff for your contributions and the impressive show of presentations, published works, books published, board involvement, professional development and more.

The highlight book of externally funded projects is now being developed as well and will be published sometime later this year.

Computer and Network Systems (CNS): Core Programs

CFDA 47.070 - Computer and Information Science and Engineering

Agency Name: National Science Foundation (NSF)
Directorate for Computer and Information Science and Engineering (CISE)
Division of Computer and Network Systems (CNS)

Deadline: October 2, 2018 - Large/Medium Projects; November 15, 2018 - Small Projects

Estimated Total Program Funding: Upper: \$3,000,000USD - Lower: \$500,000USD

Proposers are invited to submit proposals in three project classes, which are defined as follows:

- Small Projects: up to \$500,000 total budget with durations up to three years;
- Medium Projects: \$500,001 to \$1,200,000 total budget with durations up to four years; and
- Large Projects: \$1,200,001 to \$3,000,000 total budget with durations up to five years.

Estimated Number of Awards: 100 to 150; Anticipated Funding Amount: \$60,000,000

Abstract: CISE's Division of Computer and Network Systems (CNS) supports research and education projects that take a system-oriented approach to the development of novel computing and networking technologies, or to the enhancement of existing systems in any of several dimensions, or that explore new ways to make use of existing technologies.

Eligibility: Institutions of Higher Education (IHEs) - Two- and four-year IHEs (including community colleges) accredited in, and having a campus located in the US, acting on behalf of their faculty members. Special Instructions for International Branch Campuses of US IHEs: If the proposal includes funding to be provided to an international branch campus of a US institution of higher education (including through use of subawards and consultant arrangements), the proposer must explain the benefit(s) to the project of performance at the international branch campus, and justify why the project activities cannot be performed at the US campus.

Non-profit, non-academic organizations: Independent museums, observatories, research labs, professional societies and similar organizations in the U.S. associated with educational or research activities.

As of the submission deadline, PIs, co-PIs, or other senior project personnel must hold primary, full-time, paid appointments in research or teaching positions at US-based campuses/offices of organizations eligible to submit to this solicitation (see above), with exceptions granted for family or medical leave, as determined by the submitting institution. Individuals with primary appointments at for-profit, non-academic organizations, or overseas branch campuses of US IHEs are not eligible, even if they also have an appointment at a US campus.
